CHAIRMAN FORD PREDICTS THE ELECTION OF REPUBLICAN TICKET BY MAJORITY OF 10,000

Is Confident of the Result, Despite the fact the Machine Will Resort to Much Fraud in the Two Cities.

ORDERS OUT FOR DEMPSTER

Reports today are even more encouraging than those we received from all parts of the county Saturday. I am confident tonight the whole Republican ticket, from top to bottom, will be elected tomorrow. Allegheny will be Republican by a small majority. The Sixth, Seventh and Eighth legislative districts will give much larger Republican majorities than they did two years ago. In my opinion the vote will be close in Pittsburgh. While we expect there will be much fraud perpetrated in the city, there will be plenty of Republican majority to offset all the illegal votes the fusionists can get. We will win in the county by a majority of about 10,000. If the Citizens give Plummer their votes he will carry Allegheny county by at least 30,000. In any event he will have a good majority in the county.

THOMAS J. FORD, Chairman of the Republican County Committee.

Notwithstanding the intention of the Citizens machine in the two cities to attempt to ride rough shod over the decent people at the polls today, the entire Republican ticket will be elected. Liberal discount is made for fraud on the part of the gang, but despite its lawlessness, the fusion candidates cannot hope to win.

The gang is desperate. Every illegal practice known to the political trickster will be resorted to in the county today. The Republicans have prepared for the battle with this in view and they will be able to prevent much of the fraud. A large force of peace officers will be on duty in the two cities and Judges McClung and Evans will sit in common pleas court No. 3 to see the rights of the voters are protected. While the gang owns the police forces of the two cities and controls the vicious element, the courts will see that justice is done.

Will Try to Save Three.

The Bigelow machine enters the fight today under instructions to try to save O'Neil, Cunningham and Dempster. The bosses will say in their morning apologists that this is not true. The people will be told the Republicans have endeavored to create this impression. There will be signed statements from Mayor Hays, "Buck" Wallace and others. The payroll will laugh at them and carry out their orders.

Director E. M. Bigelow wants Alexander Dempster elected county commissioner. He selected him as the running mate of James A. Clark. Dempster went on the ticket at the personal solicitation of Bigelow for the express purpose of giving it respectability and with the positive assurance of the boss of the machine that he would be made the minority member of the board of commissioners.

The orders went out yesterday to save Dempster. This was not a surprise to the friends of Clark. They have been expecting it for a month and have been making their plans accordingly. Clark has worked for the whole Citizens ticket, while every trusted lieutenant has scoured the county for Republicans who would be willing to trade votes to the benefit of Clark.

Plump for Clark, the Order.

Clark claims he believes Bigelow has not turned against him. It would be foolish for him to admit it. Last night in an automobile he was making a tour of the two cities seeing his close political friends. The word was passed out to make a straight fight for Clark and money was offered that he would have a higher vote than any other candidate on the Citizens-Democratic ticket.

Numerous close friends of Clark were sent to Bigelow yesterday to ask him if he had given orders to the payroll to plump for Dempster. They were all given strong denials. To most of them the boss of the machine said he would rather see Clark win, as he is more of a practical politician than Dempster and can be of more service in the commissioner's office.

Bigelow is on record both ways on the state fight. In some quarters he said the Citizens would all vote for Plummer and in other places he has delivered the entire vote to Berry. It will be necessary to wait until the returns come in to see who got the brick of the yellowish tint.

Mayor Wyman is credited with having issued orders to his payroll to vote the straight Democratic ticket in Allegheny. Last night there was much evidence the orders would be indifferently obeyed. Most of the men are preparing to plump for Clark and otherwise cut their ticket.

Many men called at Citizens headquarters yesterday in answer to the advertisement in the Sunday Leader that 1,000 workers were wanted and they would be paid $10 a day. Those who were considered to be "right" were told to return in the evening. The Republicans sent several decoys and some of them were accepted. They made interesting reports on what they were expected to do.

While there were some bets made yesterday the Republicans had trouble in getting the Citizens to get out their money. Last night considerable cash came out and the Republicans were on the ground to cover it. There were few bets made on the state fight, but every bit of Berry money was taken.

As to Pittsburgh.

M. G. Leslie, chairman of the Republican city committee of Pittsburgh, said yesterday: "We will win the fight in Pittsburgh despite the efforts of the machine to secure a majority of the votes by fraud. They will make every effort to harness the Republican workers and voters in the lower wards of Pittsburgh. Men will be locked up on imaginary charges and the police and tough element will try to ride roughshod over the people.

"We are sure to win 30 out of the 75 wards of Pittsburgh. The other 19 will be close, and we will probably carry five of them. The total vote in the city will be between 55,000 and 57,000. The Republicans will poll 25,000 votes and the Lincoln party 6,000. From what I learn of the county the ticket will have at least 10,000.

"It rests entirely with the city administration to see that there is no disorder at the polls. The machine controls the police force. If Director Harry Moore keeps his word to co-operate with District Attorney R. E. Stewart to see that the election is fair, there will be no trouble in Pittsburgh. We have prepared to take care of the voters who are unjustly deprived of their right of franchise or to call to account election officers and others who attempt to interfere with an honest election.

Judges Will Sit.

"Judges Evans and McClung will sit in No. 3 court all day to hear election cases. The county organization will have the services of these lawyers: Thomas J. Ford, John P. Hunter, H. J. Wasson, W. M. Benham, John S. Weller and W. D. Grimes, Jr."

W. S. Woods, chairman of the Citizens county committee, makes the statement that the Citizens county ticket will have a majority of 6,000. Secretary J. W. Clark concurs with him. Director Bigelow says his candidate will have 10,000 majority in Pittsburgh. They all wish they could believe what they say.

John H. Richards, fraternal delegate from the American Federation of Labor to the Canadian Trades and Labor council, last night sent this letter to The Gazette:

"Please allow me a short space in your paper to appeal to the workingmen of Allegheny county, to support our Brother William Dodds, secretary of District No. 5, United Mine Workers, who is a candidate for clerk of courts on the Republican ticket. I have known Mr. Dodds for over 19 years, both as a private citizen and also as a labor leader, and it is the high esteem in which I hold him, prompts me to write in his support. Organized labor has a perfect right to be recognized in a bona fide way in public office, and all true unionists should rally around the brother who is the candidate. I also favor the election of unionists irrespective of their nationality, religion or political ideas to legislative bodies so that labor may receive the just legislation which it is entitled to. Mr. Dodds would, if elected, fill the office not only to the satisfaction of the people, but also with credit to the workingmen for whom he has sacrificed and done so much for. He was one of the foremost in the anthracite strike and had much to do with the successful ending of the strike. I have heard John Mitchell of the miners speak highly about Mr. Dodds on many occasions, and as the annual convention of the American Federation of Labor meets in Pittsburgh during this month, what joyful news it would be to the 600 delegates who will be present that the good people of Allegheny county have picked out of the ranks a man to be their clerk of courts.

Names Stricken Off.

Judge John A Evans yesterday made orders striking 275 names from the registry lists of four wards of Pittsburgh. Seventeen names were ordered added to that of the Second ward. The order was the result of the testimony taken by the court on petitions filed to purge the lists. Some were filed by the Citizens but the majority by the Republicans. In the First district of the Second ward, the court directs 11 names added. The number of names stricken off follows: Second ward, first district, 85; Fifth ward, first district, 41; second, 12; third, 8; Seventh ward, first district, 10; second, 20; third, 40; fourth, 22. Eighth ward, third district, 16; Ninth ward, first district, 3; third, 9.

An application for a writ of mandamus on Delinquent Tax Collector Robert G. Mattern to compel him to issue certain tax receipts was refused by Judge John D. Shafer yesterday because the application had been made too late.

The Republicans will receive the returns from the election at the Grant street headquarters tonight.

John Marron made an address last night at the First Presbyterian church of McKeesport on "Good Citizenship." He declared the voter should carry to the polls the same conscience that he takes to church with him. He denounced the saloon element in politics and the practice of giving away franchises by debauched municipal councils.

President Goes Home to Vote.

WASHINGTON, Nov. 7.—President Roosevelt, accompanied by Secretary Loeb, left here at 12:30 o'clock this morning for Oyster Bay, where they will vote today.

A vote for the Republican ticket is a vote against graft, boodle, franchise grabbing and falsiloquence.

Every Republican vote is a vote against "Buck" Wallace, police lawlessness, "Tom" Scandrett, graft, "Bill" Hays, incompetence, "Jim" Wyman, political brigandage, Bigelow, plunder, and violation of the sacred word of honor.

REPUBLICAN CASH WENT BEGGING LAST NIGHT

Citizens Were Not Willing to Take All of the Wagers Offered on the County.

Republicans covered every cent of money offered by the Citizens or Democrats yesterday. There is still much Republican cash waiting for takers. Of the $10,000 left with Daniel Olmstead at the Hotel Antler but $4,600 of it was put out. It was wagered even that the Citizens would not elect a majority of their eight county candidates.

At Newell's last night Congressman A. J. Barchfield made a bet of $5,000 even with Councilman E. J. Edwards that the Citizens would not elect a majority of their eight candidates. The wager is a draw if either side elects but four men. John A. Staley was originally selected as the stakeholder, but just before the money was placed the congressman decided he would prefer to have the bet in the hands of Philip S. Flinn. This caused quite an argument and was finally settled by the flipping of a coin. If the dollar fell head upward, Flinn was to hold the stakes. Edwards tossed the money and the head came up.

Mr. Staley naturally became angry. It was not a question of his integrity, but the congressman happened to think that Mr. Staley would be perfectly justified in allowing the Citizens to use the money in the fight today, as he is perfectly responsible. For this reason he preferred to have the stakes held by a Republican. There was a good deal said on both sides, but harmony was restored and both sides were soon at peace.

The bets made on the state election were $3,000 even on 50,000 majority for Plummer, $1,000 to $2,000 that Plummer will have 70,000 majority and $2,000 to $1,000 that Plummer will win. The Republican then bet $500 even he would win all of his bets.

Among the county bets posted were a number ranging from $100 to $5,000. In nearly every case the terms were that the Citizens could not win a majority of their county candidates.

These ward bets were made: Five hun-

FATALITIES BREAK UP TWO FOOTBALL TEAMS

Games Resulting in Death of Students Wind Up Careers of High School Elevens.

[By Associated Press to The Gazette.]

ALTON, ILL., Nov. 6.—James Squires, a member of the Alton High school football team, died today from the effects of an injury received October 21 in a game with the East St. Louis High school team. He received a kick on the knee which resulted in blood poisoning. He was 16 years old. As a result of the death of Squires the football team has disbanded.

CHICAGO, Nov. 6.—At a meeting held today formal disbandment was voted by the football team of the Oak Park High school. The disbandment is the result of the death of Vernon Wise, a member of the team, following injuries received in a game with the eleven representing the Hyde Park High school.

LATROBE, Nov. 6.—(Special.)—While engaged in a practice game of football today, Malcolm Smith, son of R. M. Smith of West Latrobe, had his collar bone fractured. Recently Clyde Bollinger, a 12-year-old son of William Bollinger, also of West Latrobe, died from necrosis of the spine, resulting from injuries received in a football game.

CHINESE ARE AGAIN THREATENING MISSIONARIES

WASHINGTON, Nov. 6.—Consul General Lay, at Canton, today cabled to the state department that he has received a letter from a missionary in the neighborhood of Lienchow, the scene of the recent massacre of American missionaries, reporting an attempt to burn one of the mission houses there. The feeling remains unsettled.

WIDOW GETS DAMAGES FOR HUSBAND'S MURDER

PADUCAH, KY., Nov. 6.—The widow of Pink Head, who was assassinated at his home in Hickman county two years ago, was awarded $1,000 damages today by a jury. Mrs. Head sued Cheatham Hodge for $20,000. Hodge was never prosecuted criminally.

Remember, Noyes was a Democrat, the only state treasurer who could not pass a clear sheet to his successor.

ALL THINGS GROW TO LARGE SIZE IN AMERICA

Japanese Minister Says Chrysanthemums and Mr. Carnegie Attain Greatness.

"Everything grows big in the United States. Every department of industry and agriculture attains great magnitude. Even the things you have imported into this country, not only thrive, but reach great size. Look at the chrysanthemum! In Japan we grow as many as 200 on one stalk. Here you have done with it as you do with everything else: Concentrated the energy and strength to the top and grow but one stalk. But such an enormous one! Nor has the wonderful growth of your importations been restricted to agriculture—you even import human beings and rear them to greatness. Take the case of Andrew Carnegie. He was born in Scotland and came here unheralded and unknown. He grew into wonderful greatness with your steel mills."

This tribute to America, as a nursery, was paid last evening by his excellency, Kogoro Takahira, the Japanese minister to the United States, when seen at the home of Col. Samuel Harden Church, 134 South Negley avenue, whose guest he is during a two-day visit to this city.

Mr. Takahira, who is soon to visit Japan on a six-months' visit after a long absence, has been asked by his government to make a report regarding the industrial achievement of America along the lines of iron and steel production, electrical machinery, silk and weaving machinery and the manufacture of silk. To gain some desired information along these lines he made his visit to Pittsburgh yesterday morning and was met and is being entertained by Mr. Church.

Mr. Takahira Puts in a Busy Day.

Yesterday morning he visited the Homestead armor plate, plate and beam mills of the Carnegie Steel Company and was entertained by the officers at luncheon in the plant. He spent the afternoon in a visit to the steel rail mills in Braddock. Last evening he was the guest of George Westinghouse at "Solitude," his Pittsburgh residence, in Lang avenue, and will spend today visiting the Westinghouse plants in East Pittsburgh. Last evening Mr. Takahira received a telegram from the Japanese legation at Washington urging his return at the earliest possible moment, and he will leave for Washington this evening.

The Japanese minister was most deeply impressed with the magnitude of the steel industry as conducted here, and viewed with interest the processes through which a pig of metal was spun into a steel rail. He was particularly impressed with the highly improved machinery in use—most of it electrical—and the ease in which it was made to carry heavy plate and place it at will. Speaking of his experiences of the day he said:

"Today I have seen America's crowning greatness—her industrial triumph. I am not a businessman, nor have I traveled very extensively, but I do know that in no other nation would it be possible to establish industrial plants of such wonderful magnitude as were those I visited

RUSSIAN MOBS UNRELENTING IN MURDER OF JEWS

Outbreaks Recur at Odessa, Where the Casualties Number 6,000.

POLAND IS INFLAMED

Governor General Disregards Manifesto in Threat to Stop Demonstrations.

WILL USE HARSHEST MEANS

[By Associated Press to The Gazette.]

LONDON, Nov. 6.—The Bucharest correspondent of the Daily Mail sends the following:

"There is terrifying news still from Kishineff. The city is strewn with dead. An unwieldly provisional government has been established. Famine reigns throughout Bessarabia and the Jews are taking refuge in the cellars, where they are dying wholesale. A mob of a thousand rioters engaged in a massacre of Jews in Ismail, Bessarabia, and a force of dragoons arriving from Bendery fired on the mob, killing 42 and wounding 114 persons. The Bessarabian revolt is assuming immense proportions."

ODESSA, Nov. 6.—Fresh disorders were reported this evening in the suburb of Dalnia Melnitzi. Troops have been dispatched there. The theater of the town of Akkerman, near Odessa, is in flames. It is now estimated that the killed and wounded during the recent riots here number 6,000. The City hospital alone contains 2,000 wounded. Out of the 6,000 casualties, those who were killed or who died of wounds aggregate up to tonight 964, of which number 313 were taken to Jewish cemeteries and 651 to Christian cemeteries.

The governor general has requested the editors of all the local newspapers to refrain from publishing accounts of the happenings of last week in order to avoid inflaming the public. The editors acceded to the governor general's request. The Odessa papers will appear tomorrow after nine days' strike.

Anti-semitic disturbances are reported from all the outlying districts. The peasants are greatly excited and are urged on by agitators from Odessa. Troops have been dispatched to the disturbed districts.

Facing Wholesale Bankruptcy.

The president of the board of trade has telegraphed to the minister of finance, urgently requesting him to prolong the payment of liabilities for six months and to order the state bank note to shorten the credit of merchants and to facilitate the rediscounting of the bills of private banks and banking houses. The president implores the minister to send a quick answer, as a refusal will entail the greatest commercial distress.

In view of the entire devastation of almost all the Jewish mills, shops and factories, the trade of Odessa is threatened with complete ruin, and wholesale bankruptcies are feared, involving the international credit of Russia.

Some of the banks and all the shops have reopened and the streets are being cleared of the debris. It is claimed in some quarters here that estimates higher than 2,000 killed and 5,000 wounded are exaggerations.

Not Fit for Freedom.

WARSAW, Nov. 6.—The governor general today issued an order setting forth that as he has ascertained that the citizens of Warsaw are not fit to profit quietly by constitutional favors he henceforth prohibits processions and open air meetings and threatens to disperse crowds by force of arms.

The governor general has telegraphed to the minister of the interior asking if he can permit publication of Polish newspapers uncensored. This action is the result of representations made by the editors, who pointed out that the present strike of their employes, who refused to work on censored papers, prevents them from assisting in the pacification of the country.

On the heels of the successful issue of the Finnish national movement comes a strong revival of the struggle for autonomy in Poland. Dispatches from Kalisch in Poland and Thorn in West Prussia say that flags with the Polish coat-of-arms have been hoisted on several churches and city buildings. At Kalisch a manifesto of the Labor party, demanding the convocation of the national diet sitting at Warsaw and the restoration of the ancient rights of the kingdom, was proclaimed with trumpets.

Three Days of Butchery.

ST. PETERSBURG, Nov. 6.—The news from the interior shows that there has been little improvement in the situation. In some places disorders have recommenced with redoubled fury. The horrible story of massacre at Odessa is not fully known here. In the Caucasus the Tartars and Russians are cutting each other's throats and the Armenians are giving themselves up to pillage and incendiarism.

From Bachmut, Bessarabia, comes an entirely new revolting tale. A three days' attack on the Jews began Thursday with every indication of police organization. Jewish students were beaten, the Jews' stores in the markets were sacked during the day and during the night the plunder of residences continued. Troops arrived on the scene but the following

day the work of pillage was resumed before the eyes of the soldiers and police. The prayers of the hunted Jews for mercy were unavailing. Toward noon the torch was applied to stores and houses. The police would not permit the Jews to fight the fire and the troops were withdrawn. Then the pillage began afresh. It was temporarily stopped Saturday morning through the efforts of the Russian peasants, but the police spread false reports which aroused the mob and there was a renewal of the work of plunder and massacre. The losses are said to be in the millions of dollars.

A telegram from Moscow says the Jews are terror-stricken with fear of a massacre there. Many of them have abandoned their lodgings and are sleeping in the houses of friends.

It is announced that Emperor Nicholas and his family will shortly return to the palace at St. Petersburg. Count Witte today took up his quarters in a wing of the palace where he will be in constant touch with his majesty. Progress in the formation of a cabinet is slow. Cabinet positions have been offered to several notables, among whom were Prince Eugene Trubetskoy, and M. Koni, both of whom declined to accept, the latter stating that he was too old to enter public life at such a critical time.

Count Vorontzoff Dashkoff, unable longer to endure his failure to tranquilize the Caucasus, is reported to have resigned the viceroyalty. Gen. Skallon, governor general of Warsaw, also is reported to have resigned. The position of secretary of state of Finland has been abolished in view of changed conditions.

Considering the peaceful tactics decided upon, the Russ regards Gen. Trepoff's action in compelling the abandonment of yesterday's demonstration as a colossal blunder. The paper declares that the general's role not only will not aid in the pacification of the country, but threatens the destruction of the dynasty itself.

Troops Will Soon Rebel.

The paper warns the government the troops under the present circumstances will not much longer do Gen. Trepoff's bidding. If bloody excesses continue in the cities they will spread to the country and Russia will undergo horrors worse than witnessed during the Pugacheff rebellion in the days of the Empress Catherine II. It is rumored that the reactionaries are attempting to unhorse Count Witte on the ground that instead of pacifying the country he has set it in flames. Although it is doubtless true that many reactionaries would like to accomplish Count Witte's fall and a reversal of his policy, they are neither bold nor strong enough now to make an effort to do so.

Many touching scenes were witnessed yesterday when the political prisoners were released under the amnesty decree. At the Schlusselburg fortress, up the river, where the most dangerous political prisoners are kept in solitary confinement, a great concourse gathered looking for loved ones who vanished years ago and whose whereabouts were known, but only four were released. Disappointed women, waiting for sons, husbands or brothers, broke down and wept. A man named Fralenko and a comrade who said they had spent over 20 years in prison, came out with long, white beards. They knew practically nothing about what had occurred during their long imprisonment.

Sasonoff, the murderer of Interior Minister Von Plehve; Peter Karpovich, the assassin of Minister of Public Instruction Bogolepoff, Gerollini, the chief of the terrorist conspiracy, and other terrorists were not released. A large body of prisoners released from other prisons later visited various meetings and related their experiences.

Finlanders Are Satisfied.

ABO, FINLAND, Nov. 6.—Gov. Borgenstrom has joined the Constitutionalists and the garrison of 1,700 men, including 100 Cossacks, remains passive by his orders. The members of the supreme court have been compelled to resign. Abo, however, is perfectly quiet. The emperor's Finnish manifesto was received with enthusiasm, processions marching singing through the streets.

HELSINGFORS, FINLAND, Nov. 6.—The imperial manifesto meeting most of the demands of the Finns arrived here late last night. The Constitutionalists are satisfied and the Socialists, who threatened to make a demonstration, have thus far been quiet. The manifesto has created a splendid impression and the populace is cooling off. In spite of the Socialists, the strike has been declared off.

NOVO GEORGIEVSKOYE, Nov. 6.—A bomb was thrown yesterday into the apartments of the commander of the fortress. The commander was killed and his wife, their children and an orderly were wounded.

TOMSK, SIBERIA, Nov. 6.—The troops today were forced to charge with bayonets against a mob which was pillaging Jewish houses. A number were killed and many were wounded. The city is half sacked.

MOSCOW, Nov. 6.—The doors of the prisons were opened today and a large number of political prisoners were released. Rouges are levying contributions on persons venturing on the streets.

IDENTIFICATION COMPLETE.

Suit Case Mystery Ends by Mother Recognizing the Body of Susanna Geary.

[By Associated Press to The Gazette.]

BOSTON, Nov. 6.—The woman's head which was found in a hand satchel on the bottom of the harbor yesterday was taken to the Harvard Medical school at Cambridge today, where, with the other parts of the body that were found in the two suit cases, it was identified as that of Susanna Geary, the chorus girl of Cambridge. Mrs. Geary and her daughter, Evelyn, made the identification.

NEW YORK, Nov. 6.—William Howard and Louis Crawford, the two young men arrested here last week, accused of throwing the dismembered body of Susanna Geary into Boston harbor, were arraigned in police court today, and were remanded to await extradition papers from Boston.

FATALLY SHOOTS WIFE AND COMMITS SUICIDE

WASHINGTON, Nov. 7.—Washington J. Quiggle, private secretary to Thomas F. Walsh, shot and probably fatally wounded his wife shortly after midnight tonight and then shot himself in the heart, dying instantly. Quiggle was 35 years of age. The tragedy occurred in their apartments at the Brunswick.

PLUMMER IS SAFE BY 150,000 VOTES

This Prediction Is Based on Returns from 67 Counties in State.

BLOODSHED IS LOOKED FOR

The Pittsburgh Gazette Bureau,
Press Building.
PHILADELPHIA, Nov. 6.

"J. Lee Plummer will be elected by a majority of not less than 150,000 votes. This prediction is most conservative and is based upon returns received today from the 67 counties of the commonwealth."

This statement was made tonight by Col. W. R. Andrews, Republican state chairman, just before he boarded a train for his home at Meadville. When asked about the local fight, Mr. Andrews said there was no doubt of the election of the regular Republican ticket.

Bloodshed is expected here tomorrow. It is the only thing upon which the Republican and City party leaders agree, and both sides are prepared for it.

Mayor Weaver not only has the police and detective departments instructed to work at the polls, but this afternoon he caused to be sworn in 1,200 men who will serve as deputy policemen. Eighty per cent of the deputies are negroes from the slums. Nearly all have "police records." They have done time for burglary and holdups, and several were convicted for counterfeiting. In addition to "gun" and "razor" they will carry hickory clubs, two and one-half feet long, to be used as vote persuaders, or dissuaders as the case may be.

"There will be no empty slabs at the morgue tomorrow night," said one negro deputy as he pulled a 45-caliber Colt in Director Potter's office. His companions concurred.

Director Potter engaged a squad of students from the University of Pennsylvania, and 60 more from Swarthmore. This was done to distract public attention from the thugs. The latter will do the real work, the students merely posing for a photograph to be used by Wanamaker's newspaper syndicate.

Despite this show of police strength, Republican leaders tonight claim they will elect their entire ticket by a plurality of 25,000. For publication they say 50,000, the former figures being private estimates.

Sheriff Miles has decided to not swear in any deputies. He has been advised such action would not be legal and he takes the ground that the organization cannot afford to place itself on record as a law breaker, though lawyers are agreed the prohibitive statute is unconstitutional. The sheriff, who is also Republican city chairman, said:

"The preservation of peace and order in the city on election day, as well as on any other day, is committed to the police force under the direction of the mayor and the department of public safety, and upon them the responsibility rests."

Shortly after Sheriff Miles decided not to appoint deputies, Mayor Weaver issued one of his flamboyant proclamations. His denounced Miles and claimed the police force would be equal to any emergency, yet at the same moment Director Potter was accepting as deputies every thug who could qualify as a criminal.

Every patrol wagon is going tonight. They are picking up Republican workers in the downtown wards. Any old charge is used, just so the men can be secluded until the polls close tomorrow night. As fast as arrests are made bail is offered, and the arrangements of the Republican leaders cover a similar program for tomorrow when an automobile service will be established at every voting place. Writs of habeas corpus will be ready and judges, sitting, will promptly pass on all cases.

At midnight Sheriff Miles issued an answer to Mayor Weaver's proclamation. He says in part:

> Without proper justification, and for the first time since the enactment of the Bullitt charter in 1885, the mayor today appointed, without discrimination or apparent concern as to consequence, as special policemen for service on election day, hundreds of irresponsible characters, some of whom are former convicts, many of them professional gamblers, ballot box stuffers and repeaters and criminals of various degrees. I challenge contradiction of the truth of this statement, and further charge the mayor with insincerity in this document, issued on the eve of the election, with the manifest interest to cover the real purpose of his appointment of men of the character indicated, and to advance the selfish cause with which he is so conspicuously identified, thereby carrying out his proclaimed policy to use the full power of his administration to win this election.

PROVIDENCE, R. I., Nov. 6.—Each of the two dominant parties claims the election tomorrow of its respective candidates for governor, though it is conceded by Democrats and Republicans the result will be very close. The upper house of the legislature is conceded frankly to the Republicans.

VALUABLE BONDS STILL MISSING

Enterprise Bank Will Owe $60,000 to Arthur Kennedy if Collateral is Not Found.

ANDREWS PAYING HIS DEBTS

It is reported that Special Examiner Moxey, who is making the government's examination of the accounts of the Enterprise National bank, is instituting a rigid investigation into the route taken by bonds of the Pennsylvania Development Company that were said to be in possession of Cashier T. Lee Clark.

Publicity was given to the report that the bonds, representing $80,000, were the issue of the Santa Fe Central railway, but Francis J. Torrance has already denied that the bank held any of the railway's certificates. Clark was treasurer of the Development company and was in possession of the company's stock. It would have been possible for him to dispose of it had it been accepted as good collateral. The fact, however, that the Sante Fe Central stock has never been marketed disposes of the story that this stock was put into Pittsburgh banks as security for large loans. Neither Receiver Cunningham or Examiner Moxey will say anything about this phase of the affair.

Depositors Hand in Pass Books.

Mr. Cunningham and his clerks received many pass books from depositors yesterday and will hasten the examination by balancing them and closing the banks books.

No action has been taken by Attorneys W. B. Rodgers and Thomas P. Trimble, who are counsel for the directors of the bank. Their contemplated suit to obtain the opening of the judgments filed by the state treasurer will likely be started today or tomorrow. Mr. Trimble said yesterday they were not yet ready for action.

Examiner Moxey in talking of the work he has done so far on the books, says it would be impossible, at the present time, for him to make even a superficial report to Comptroller Ridgely. He says he is working on the smaller irregularities that have been discovered in the hope that this will lay the foundation for the final clearing of the complicated situation. Not until there is positive evidence of criminal action will there be any prosecutions, Mr. Moxey says.

Another Check from Andrews.

W. H. Andrews is paying off his indebtedness to the Enterprise bank. Late yesterday afternoon Receiver John B. Cunningham received a check from the Pennsylvania Development Company for $20,000, which is part of the $41,000 that was borrowed on notes. A payment of $12,000 was made last Friday and the remaining $15,000 is not due until December 15. Ex-Lieut. Gov. Walter Lyon, who is attorney for the company, says this sum will be paid just as soon as it is due. Mr. Lyon is preparing a statement concerning the affairs of the Pennsylvania Development Company and the Santa Fe Central railway.

In answer to a question regarding the appointment of a receiver for the Santa Fe Central railway, Mr. Lyon said such a thing was absurd, as the railway company owes neither the Enterprise nor any other bank anything. The development company bonds that are said to be missing were, it is understood, put up by Arthur Kennedy for a $20,000 loan. Mr. Kennedy has signified his readiness to pay off the loan as soon as the bonds are found. Receiver Cunningham says that should the bonds never be found, the bank would owe Mr. Kennedy the difference between $20,000 and $80,000.

Meeting of the Committee of Ten.

At a meeting of the committee of 10 of the depositors' organization at the office of Dr. P. B. Doyle last night, it was decided to recommend to the depositors that Attorneys Menard and Marron be retained to take legal action when necessary to protect the interests of the depositors. This recommendation will be presented to the entire body of depositors at the meeting to be held Thursday night at the Sixth ward school house. The committee last night discussed ways and means for raising funds to defray the expenses incident to the court proceedings. This matter will be settled at the Thursday night meeting.

ART SOCIETY RECEPTION.

Opening of 32rd Season at Carnegie Music Hall Next Monday Will Be Interesting.

The first reception of the 33d season of the Art society, which will be its 310th, will be held in the Pittsburgh Carnegie music hall next Monday evening, on which occasion the members and their friends will listen to a first performance in Pittsburgh of "A Shakespeare Song Cycle," music by Mme. Grace Wassall of Chicago.

The poetic basis of this work rests on the better known sonnets of Shakespeare, and in plan it is similar to that of Miss Liza Lehmann's "Persian Garden." The cycle consists of 13 numbers, solos, duets and quartets for mixed voices.

The program, of which the cycle will be the principal feature, will include a miscellaneous second part and will be interpreted by David Bispham, bass; Mme. Shotwell-Piper, soprano; Mme. Katherine Fisk, contralto; Kelly Cole, tenor; Miss Ethel Cave-Cole, accompanist.

REMORSE FORCES SURRENDER

Boston Man, After Wandering for Eight Years, Finally Gives Himself Up.

In response to a telephone message from the St. James hotel, an officer went there yesterday morning and arrested Charles M. Oldham of Boston, who stated he wished to give himself up for forgery committed in 1897. He was taken to central station, and at the request of Boston authorities is being held there.

Oldham worked for a bicycle repairer in Boston and did not get paid. He forged his employer's name to a check for $100, the amount due him, and left the city. He has wandered all over the country, seeking relief from the haunting fear of arrest. He finally decided to give himself up and telephoned yesterday for the police. He will return to Boston and stand trial.

Henry C. Phipps, Jr., Recovers a Verdict from Claridge's Hotel, London, for a Lost Collie.

LONDON, Nov. 6.—(Copyright Cable.)—Henry Carnegie Phipps, son of the American millionaire, recovered a verdict for $300 today from Claridge's hotel for the loss of a Scotch collie dog.

July 24, 1904, he bought three Scotch terriers. One of them, "Tibby," he valued at $300.

The dogs were delivered at the hotel and were put in the store room, but Tibby was never seen again. Mr. Phipps entered suit for the value of the dog. The court today decided in his favor.

COUNCILS WILL REMIT HENRY PHIPPS' TAXES

The finance committee of Allegheny councils met last night and referred several resolutions providing for exemptions of taxes to a special committee. The measure fixing the salary of the assistant plumbing inspector at $1,500 a year was referred to the city solicitor. The ordinance exonerating Henry Phipps from the payment of taxes amounting to $3,163 05 on the playgrounds and public bath property in the First ward, was referred to a special committee and the city solicitor with instructions to devise some legal means for the exoneration.

OHIO FORMS HER LINE OF BATTLE

Republicans Claim Herrick Has Amply Made Up Any Defections from Him.

LONGER TERMS ARE ASSURED

[By Associated Press to The Gazette.]

COLUMBUS, O., Nov. 6.—On the eve of the election Ohio voters are still uncertain over the outcome, although the intensity of the campaigning and the large registration indicate a remarkably heavy vote and a possible landslide. Successors to the Republican incumbents as governor, lieutenant-governor, attorney general state treasurer, justice of the supreme court and member of the board of public works are to be chosen; also members of both houses of the legislature and officials of the leading cities.

The claims of Senator Dick of 80,000 plurality for Herrick, and by Democratic Chairman Garber of 26,000 for Pattison, still stand tonight as the preliminary skirmishing ends, and the long battle lines prepare for the contest of the morrow.

The campaign against the re-election of Gov. Herrick began months before his renomination, and has been carried on so vigorously by the Anti-Saloon league that many Sunday night sermons became political addresses, the speaking campaign not being ended when the party organization meetings closed Saturday night. That there are defections from Herrick, the Republican managers admit, but they claim enough new adherents have been secured almost to balance the loss.

Two years ago Myron T. Herrick was elected governor over Tom L. Johnson by a plurality of 113,812, and the Republican vote polled last year went much higher, the plurality for President Roosevelt being 255,421, while Secretary of State Laylin had 230,389 plurality. The full registration figures this year are unknown, but in nearly all sections of the state there was a pronounced gain over the registration of two years ago and very little short of the big figures of the presidential year. Comparisons, however, will have to be made with last year's vote for secretary of state, numerous changes of precinct boundaries preventing comparison with Herrick's vote of two years ago.

The officials chosen will probably serve for three years instead of two, a pending constitutional amendment for biennial elections seeming assured of adoption.

Tomorrow's standard bearers are Gov. Myron T. Herrick, whose re-election is contested by John M. Pattison, Democrat, who has been indorsed by the Anti-Saloon league, although the Prohibitionists have an independent ticket. The fight has been over the Brannock law, providing local option in residence districts, certain amendments made by the advice of the governor being criticized by his opponents, who accuse him of improperly using his office and authority to secure such changes.

"Bossism" was also a prevalent cry, and in Cincinnati especially was considered as having considerably affected the situation, the criticism of the Cincinnati leader by his party associate, Secretary Taft, apparently having great weight.

ALL THINGS GROW LARGE

Continued from First Page.

today. I had heard much of Pittsburgh and its prestige of being the nerve center of the great industries of America, but such industrial greatness as exist here was beyond my imagination.

Seeks to Learn from America.

"America has not only her own great market, but the key to the markets of the world, and with this advantage firmly in hand she can have but little serious competition."

"How about the Chinese market?" was suggested.

But the famous diplomat was apparently unconscious of the suggestion and continued without alluding to it: "We in Japan are on the threshold of industrial progress. We cannot even hope to aim at the high industrial position of America and seek only to relieve the wants of our own nation. We will begin in a very small way, but we want to begin right. We want to begin with the best machinery obtainable for a given work and are anxious that our start in the field of industry shall be a correct one, hence we wish to know something of America's great success."

As the drift of conversation gradually turned upon the Japanese and international affairs the keen diplomat remembered that he had but little time to prepare himself for the entertainment which was awaiting him for the evening. "I have only a few moments left in which to dress," he apologetically declared as he glided out of the room.

Dinner With Mr. Westinghouse.

Last evening Mr. Westinghouse gave a handsomely appointed dinner in honor of the Japanese minister, in addition to whom the guests included Judge Joseph Buffington, Robert Pitcairn, Col. Church, Alva C. Dinkey, William Larimer Jones, George Breed Gordon, Walter M. McFarland, the Hon. Henry Kirke Porter, William McConway, George C. Smith, Loyal Allan Osborne, John Caldwell, Col. Henry G. Prout, Emil E. Keller, E. D. Taylor, F. H. Taylor and W. D. Uptegraff. The table had for a centerpiece a long, low, boat-shaped affair made of bamboo, filled with liberty roses, and at each end of the table was a low mound of the same red blossoms with asparagus sprengerii and lilies of the valley. All the rooms on the first floor of the house were decorated for the occasion, the large drawing room having American Beauty roses, and the smaller ones white chrysanthemums, while in the library were yellow chrysanthemums and in the hall the two colors were combined.

He acquired wealth and became a director in the Baltimore & Ohio and Panhandle railroads. He was one of the founders of the Republican party and once ran for the legislature. Mr. Long came to Colorado in 1880, invested heavily in real estate, lost it all in the panic of 1893, and has since been in poor health and indigent circumstances. His widow survives him here.

M'CLELLAN ODDS ARE TWO TO ONE

Jerome Has to Enter and Leave Hall by Window, So Great Is Crowd.

REPUBLICAN LEADER SLUGGED

[By Associated Press to The Gazette.]

NEW YORK, Nov. 6.—Tonight the managers of the three mayoralty candidates declared themselves to be absolutely assured of victory tomorrow. Of betting on the result there has been considerably less than in former years, due apparently to the general feeling of uncertainty and to the indications that the result may be very close.

In Wall street this afternoon the odds ended 2 to 1 on McClellan, at which price a prominent broker offered to wager $100,000 to $50,000. The same broker placed a bet of $25,000 to $10,000 on the mayor. Bets on Ivins ruled about 1 to 5 and on Hearst 1 to 5½.

Odds on the election of Jerome were about the same as on McClellan, and many large sums were wagered by supporters of the district attorney, whose meteoric canvass has been one of the most spectacular features of the campaign. John A. Hennebery, chairman of Mr. Jerome's campaign committee, issued a statement tonight predicting the triumphant return of the candidate by a greater total number of votes than those of all his opponents.

Mr. Jerome made his final speech of the campaign before a great audience in Cooper Union tonight. He also made a noonday speech today at which such a crowd assembled he was compelled both to enter and leave the hall through a window. Hundreds of persons who were unable to enter the hall at Beaver and Pearl streets waited outside until Mr. Jerome crawled out of the window, when they cheered him until he made a supplementary speech from his carriage.

Rumors of colonization on a large scale and of illegal registration have so far played a minor part in the campaign, but tonight State Superintendent Morgan issued a statement declaring that fraudulent schemes had been discovered of greater magnitude than the records of his office showed to have existed before, and that he had taken radical steps to prevent this illegal voting. A large number of warrants, greatly in excess of those at first called for, Mr. Morgan said, had been secured and would be served by a newly-established "secret service" corps of his office, composed of deputies unknown to the other deputies of his force. A large number of warrants were also placed in the hands of the police department tonight.

Charles Comisky, a Republican leader of the second assembly district, was assaulted and left insensible by a gang of roughs this afternoon, as he was leaving the criminal court building, where he had been to press charges against men accused of illegal registration. He was so badly injured that he probably will be confined to his home for several months.

Attorney General Mayer will take an active part in watching the election. He will make an automobile tour of all the police courts in Manhattan and the Bronx during the day to confer with his special deputies, and be on hand to give any assistance and advice that may be needed on questions involving the election laws and the rights of the citizens. The preparations made by Mr. Mayer are the most extensive ever made by any attorney general for election day in this city.

District Attorney Jerome, at the final rally of his supporters in Cooper Union tonight, made a sensation when on reaching the platform he exhibited a plate from which he said, he had just discovered circulars were about to be printed purporting to be issued by the Jerome nominators and containing directions for voting for himself, which, if followed, would have invalidated practically all the ballots cast for him. The city, he said, was to have been flooded tonight with these circulars, but that the plot was revealed to him by a man employed in the printing office in time to stop their issue.

The circulars bore fac-similes of the Republican and Jerome ballots, and directed voters to place their cross at the top of each ballot, instead of at the top of the Republican ballot and in the space beside Jerome's name on the other, as has been directed in all instructions previously sent out.

Exhibiting the plate Mr. Jerome said: "I got this because there was a good honest man in the printer's shop who brought it to me when he found what it was. It means one last despairing effort of the boss."

ONE DEAD AND TWO DYING AS RESULT OF COLLISION

Cincinnati and Detroit Limited Express Crashes Into Accommodation Near Lima, Ohio.

LIMA, O., Nov. 6.—One man was killed, two were fatally injured and two others received less serious hurts in a wreck on the Cincinnati, Hamilton & Dayton railroad at Troy, this evening, when the fast south-bound Detroit-Cincinnati limited crashed into north-bound passenger accommodation No. 8 at the PT siding.

THE SLIGHTLY HURT.

FRANK BUHLIN, Toledo, fireman.
FRED THIEMAN, Cincinnati, brakeman.

Seven passengers were also cut and bruised, but their names are not given out. The limited was in charge of Conductor Cornelius Connell, and had the right of way. It was running late, as was No. 8, in charge of Conductor Holliday of Cincinnati. Orders had been given to pass at the PT siding, but the northbound train had not reached the point, being required to back in. Both engines were reduced to scrap iron, and the baggage car and first coach of the accommodation train were broken to splinters.

Few Hear Castle.

Homer L. Castle addressed an audience composed of a couple of hundred Prohibitionists and curiosity-seekers last night at Kenwood Lawn, East End, and his speech was a double plea for the election of the Democratic candidate for state treasurer and for the abolition of the liquor license. He first made a speech last night in the Manchester district of Allegheny, where he had an audience of 800.

Bookwalter Is Favorite.

INDIANAPOLIS, Nov. 6.—Leaders of both the Republican and Democratic parties tonight express confidence in the outcome of the election tomorrow. More than $200,000 has been wagered on the result, with the odds firm at 2 to 1 in favor of Mr. Bookwalter, the Republican candidate for mayor.

dred dollars even the Republicans would secure majorities for a majority of their candidates in the Eleventh and Twenty-second wards; $250 even the Thirty-second ward will give the Republican ticket a majority of 400; $250 even the First ward will give the Republican county ticket a majority of 350; $200 even the Fourth ward will give a fusion majority of 200; $250 even the Sixth ward will give a fusion majority of 300. Three bets of $500 even the Nineteenth and Twentieth wards would give majorities of 500, 400 and 300; $1,000 even the Fourteenth ward would give a Republican majority of 500.

There was practically no betting on Allegheny. Late last night the Wyman machine practically conceded the city to the Republicans by a majority of 1,000. The Republicans expect 2,500.

An ugly fight has broken out in the Wyman official family. Director Thomas Scandrett of the safety department and Delinquent Tax Collector H. M. Davidson are on one side and City Solicitor S. G. Porter on the other. Porter declared yesterday neither Davidson nor Scandrett were good for 10 votes and if Wyman did not drop them he would resign.

NEGRO BRINGS BULLETS WITH HIM TO HOSPITAL

One in Neck and Other in Side, Result of Companion's Promiscuous Use of Revolver.

With two bullets in his body Frank Johnson, a negro, drove two miles in a buggy, rode six in a train and walked one and then he stepped into the Homeopathic hospital unaided. William Campbell, Johnson says, shot him, why, he does not know. Campbell is a negro, too. Both men were employed by W. W. Kelly & Co., contractors on county road work near Walkers Mills.

An ununiformed park policeman yesterday afternoon met two negroes, one walking as if pain, his shirt covered with blood, on Wylie avenue. They asked him the way to the hospital, and learning that one had been shot he suggested that they go to the Central police station where the wounded man would get attention. When it was learned that the shooting was outside the city limits the chief of the county detectives, Robert G. Robinson, was notified and he asked that the man be sent to headquarters.

Johnson told Detective Frank A. Sonnefeld that that afternoon William Campbell, another driver at the camp, came up to him and without a word began to shoot, firing at him four times and hitting him at least twice. Johnson exhibited the wounds one in the neck and one in the left side. Edward Bell, his companion, said he knew nothing, except that he had been told to get the "boss'" buggy and take Johnson to Carnegie to catch a train, and he had brought Johnson in.

Sonnefeld and John Reed were assigned to the case by Robinson. Campbell was reported to live in Glassport.

Johnson was taken to the Homeopathic hospital. The doctors were unable to locate the bullets, but say that unless complications set in he will recover.

Affects Six Patents.

The United States supreme court yesterday refused the petition for a writ of certiorari presented by Senator P. C. Knox in the case of the Pressed Steel Car Company vs. John M. Hansen, for infringement of six patents. This case covers only the six patents taken out by Hansen while in the employ of the Pressed Steel Car Company, the latter claiming ownership of patents and that Hansen only had shop rights. It does not in any way affect the other patent suits in litigation.

RODGERS IS OUT AFTER REPEATERS

Allegheny Republican Leader Gives Warning When Making Prediction on Election.

WYMAN IN UNDIGNIFIED SCENE

"Allegheny city will give the Republican ticket 2,000 majority. This estimate includes the allowance we make for the repeating that I understand is to be carried on by the City hall crowd. We have positive evidence that repeating is to be attempted, and even if it is possible. A considerable number of plain clothes men will be on the lookout for this work and we expect to have some criminal prosecutions to make immediately after election. I refer particularly to three men in the First ward. Their boasts of what they will accomplish with repeaters has been brought to me. I will personally devote six months, if necessary, to send those men to the penitentiary, for they have transgressed the law many times before."

This statement was made last night by ex-Judge Elliott Rodgers at the North Side Republican headquarters when he was asked to make an ante-election statement. The three men he mentioned in his talk are prominent in administration politics and are city employes, holding high positions. Continuing, Judge Rodgers said:

Repeating Often Done in Allegheny.

"Repeating has been done so extensively in Allegheny of late years that some people seem to think it is no breach of the law to bring a gang over from the lower wards of Pittsburgh and vote them as often as possible at every polling place. But any repeating done tomorrow will be followed by criminal action. We have reports tonight from every precinct in the city and there is no question as to our victory. The 2,000 figure is conservative."

Both sides appeared to be confident yesterday and Mayor Wyman was assuring his friends he had "cinched" nearly enough to pin belt. Early last evening Deputy Sheriff Samuel Grenet, Republican leader in the Eleventh ward, made a $2,000 bet with Delinquent Tax Collector Harry M. Davidson on the result of the election in Allegheny. Davidson took the Citizens end. Grenet and other Republicans placed some smaller bets with other City hall politicians and at 9 o'clock last night announced there was still $2,000 that would be wagered with any one wishing to take a chance on the Citizens. Davidson refused to take any more and others about the City hall who were looking for bets earlier in the day backed down. More money is wagered on the election in Allegheny this time than has been in years.

Mayor Wyman got into an undignified scene yesterday morning with Councilman Robert K. Cochrane, Republican leader in the Sixth ward. Mr. Cochrane was in the City hall, seeing the mayor approaching, spoke to him. The mayor, according to Cochrane, made an insulting reply and Cochrane stopped him.

"You can't talk to me that way, Mr. Wyman," declared Cochrane.

Cochrane Calls Wyman Down.

"You are an ungrateful cur. You know what I did for you in the Republican primary," retorted the mayor.

"I appreciate very much anything you did for me, Mr. Wyman, but I feel in no way indebted to you. I always was a Republican, and I owe you nothing."

Wyman was very angry and declared that if he had Cochrane "down street" he would thrash him. This was said in the characteristic grammar of Wyman.

"Well, I'll go down street with you right now, or any other time. If it's a fight you are looking for I'll accommodate you now or any time you say," Cochrane returned. The mayor turned and walked away.

This incident was witnessed by several persons who were attracted by the angry voices and the story spread that Wyman threatened to lick Cochrane. An interview with Mr. Cochrane published in yesterday morning's Gazette, is said to have stirred up Mayor Wyman, for the City hall people seemed to be confident that Cochrane was going to "lie down" on the Republicans because Wyman gave Cochrane some aid in the Republican primary.

STEVENS IS RELEASED.

Beaver County Justice of the Peace Escapes Trial on Charge of Forgery.

ROCHESTER, PA., Nov. 6.—Justice of the Peace C. W. Schropp rendered his decision today in the case of Fred A. Stevens, justice of the peace of Moon township, who was arraigned Saturday on a charge of forgery upon the information of Carl Kroen of Moon township. The case was dismissed for lack of sufficient evidence.

Kroen's name appeared in a political campaign book under a copy of an affidavit sworn and subscribed to before Justice Stevens, and Kroen claimed the paper he signed was a blank paper, which afterward appeared in the form of an affidavit.

PAIN IN HIS DESTINY.

That's What's the Matter With McClellan, Says Candidate Ivins in Closing His Campaign.

NEW YORK, Nov. 6.—(Special.)—"Tell my friends to keep on the 'sunny' side of the street." I am absolutely confident of success. Work and vote early with the same confidence, and success will be more than likely—it will be guaranteed. The trouble with McClellan is that he has a pain in his destiny."

With this expression of confidence in the result, William M. Ivins closed his campaign tonight. He had promised to make a final speech in Richmond hall, but he found he would not have time to keep the engagement, so he sent a letter in which he closed with the words quoted.

Esplen Votes on Annexation.

Esplen borough will vote on the question of annexation to Pittsburgh today. At the last election the borough had 255 voters, of which 187 were Republicans and 52 Democrats. The petition for annexation was signed by 182 qualified voters. The borough will become a part of Pittsburgh on the first Monday in January.

HAS SPLIT DEMOCRACY OF MARYLAND IN TWO

Republicans Predict Defeat of Amendment to Disfranchise Negro Voters by Majority of 25,000.

[By Associated Press to The Gazette.]

BALTIMORE, Nov. 6.—The proposed amendment to the constitution, to bar illiterate voters, particularly negroes, has so monopolized public interest, that another proposed amendment to secure good roads in the state, has hardly been mentioned, and the legislative and local candidates have received scant attention.

It is agreed the campaign over the suffrage amendment has been one of the most exciting and bitter in the history of the state, the Democratic party, especially in Baltimore, being squarely divided into two factions, the pro-amendment forces being led by Senator Gorman and the antis by Senator Rayner and Gov. Warfield, with the Republicans united under the leadership of Secretary of the Navy Bonaparte.

Tonight the chairmen of the Republican and Democratic state committees predict victory for their respective parties, though on account of the Democratic division the feeling of confidence is much more apparent among the Republican managers than with the Democrats. Republican Chairman Hanna maintains that the suffrage amendment will be defeated by 25,000 majority.

GUILD'S RUNNING MATE WILL LAG BEHIND HIM

Senator Lodge's Personality Will Dominate the Election in Massachusetts, It Is Conceded.

[By Associated Press to The Gazette.]

BOSTON, Nov. 6.—The Republican party tonight still claims the election of Lieutenant Governor Curtis Guild, Jr., for governor over Charles W. Bartlett, the Democratic nominee, by a large plurality, and while predicting also the election of Eben S. Draper, their nominee for Lieutenant Governor, admit his plurality will fall behind that given to Mr. Guild.

The Democrats go so far as to claim the election of Henry M. Whitney, their nominee for second place, by a large plurality, and express confidence in the election of Gen. Bartlett. The four other places on the state ticket are generally conceded to the Republicans.

Senator Lodge has been vigorously attacked for his position on the tariff question, and it is freely stated tonight his personality will dominate tomorrow's election. Many Republicans, it is asserted, have taken up the Democratic cry of "Anything to Beat Lodge."

OFFER A REWARD.

Afro-Americans Will Punish Attempts to Bribe or Coerce Voters of Their Race.

A committee from the Afro-American league of Allegheny county, acting in conjunction with a committee from the Negro Business league from the Pittsburgh district, consisting of N. T. Veiar, George A. Neale, John W. Rosemond, William Bryans, C. W. Posey, the Rev. George W. Johnston, D. D., Samuel Howard, M. D., A. L. Ballard, the Rev. O. S. Simms, D. D., the Rev. D. S. Scott, D. D., D. S. Curtis, Alex Warfield, Charles Jenkins and Robert Barbour, authorizes the offer of a reward of $500 for the arrest and conviction of any man or set of men who, by intimidation, coercion or bribery, attempt to influence any colored voter in the election today.

"The several voting districts in the county where large numbers of colored voters live will be manned by members of these leagues, who will see to it that the negro voters are properly treated. The secretary of this committee has been authorized to send letters warning certain individuals in the several communities who have the reputation of attempting to bribe colored voters.

A NEIGHBORLY MISTAKE.

Candidate Discovers His Friend's Name on Ballot in Place of His Own. Initials the Same.

KINGSTON, N. Y., Nov. 6.—When ballots for the township of Rochester, Ulster county, were distributed to election officials today, Leroy C. Kelliher, Republican nominee for town clerk, discovered that his name was not on the ticket, but instead the name of Leroy C. Baker, a neighbor of Kelliher, had been placed on the ballots. Baker has no political aspirations.

The secretary of the town caucus acknowledged he had unintentionally blundered in making up the ballot, and Supreme Court Justice Hasbrouck granted an order for the printing of new ones. These were delivered to the officials tonight.

POLITICS PLAYS PART IN KEEPING YOUTH IN PRISON

Harry Bigley is being held at No. 5 police station because no one is willing to take the responsibility of making a charge against him, and because Magistrate Kane yesterday told witnesses they were lying. While playing pool he broke a window in a pool room at Butler and Forty-third street Saturday night. His offer to pay for the window was satisfactory to the owner, but Lieut. Loughrey heard of the occurrence and arrested Bigley for disorderly conduct. When Bigley asked that a prominent Lawrenceville Republican politician be sent for Inspector Boyle is alleged to have replied: "If that is who you are for I'll change the charge against you to malicious mischief."

YALE STUDENTS TO ACT AS JEROME'S WATCHERS

NEW HAVEN, CONN., Nov. 6.—(Special.)—Nearly 70 Yale students will act as watchers for William Travers Jerome tomorrow at the New York polls. They will meet at the Union Square hotel at 2 p. m. tomorrow for instructions. Among them is Wallbridge Taft, son of Henry W. Taft, a New York lawyer and brother of Secretary of War William H. Taft.

FOOTBALL PLAYING MAY BE CAUSE OF DEATH

Aspinwall Boy Dies Suddenly from Effects of Game in Which He Played.

Football playing is believed to have been the direct cause of the death of Donald Patterson Koenig, 12-year-old son of William Koenig of 311 First street, Aspinwall, who died yesterday afternoon.

Last Saturday Koenig played with a number of his companions, though he was not a member of a regularly organized team. Returning home in the evening, he complained of a severe headache and some internal illness, which had the symptoms of biliousness. He claimed to have felt better on Sunday, though he still complained of a severe headache.

Yesterday afternoon he suddenly expired, and physicians now believe he was internally injured while playing football, though they have not been able to definitely assign the cause of death. The case is being investigated by the coroner and a post-mortem examination may be necessary to determine the exact cause of death.

WHISKY KILLS A CHILD.

Takes Deep Draught from Cup, Becomes Unconscious and Does Not Rally.

Five-year-old Elizabeth Riley died on Sunday night from an overdose of whisky. It was reported to the coroner's office that the little girl's father, when asked by the child for a drink of water, in fun handed her a cupful of whisky, thinking she would eject it when she had tasted it; but the little girl held on to the cup and swallowed considerable. She became unconscious and died at 11:30 p. m. Sunday night.

Mrs. John Hooker of Elmer, called at the morgue yesterday and identified the body of the girl who died at the West Penn hospital on Sunday night of mercurial poison, taken with suicidal intent, as her daughter, Bertha May Adams, who left home a year ago.

Mrs. Anna Soulsby of 539 Avery street, Allegheny, died yesterday at the Allegheny General hospital. On October 23 she was cleaning her husband's gloves with gasoline. An explosion resulted and Mrs. Soulsby was burned about the face and body.

The lecture, which was held in the auditorium of the First United Presbyterian church, Fifth avenue, was attended by an audience of over 1,200 persons.

Beginning next Monday evening a course of 12 lectures on "European Capitals and Their Social Significance," will be delivered by Jerome Hall Raymond, Ph. D., associate professor of sociology at the University of Chicago. The subject of the first lecture will be: "Constantinople: Despotism and Disintegration."

Quiet Election in Chicago.

CHICAGO, Nov. 6.—Election day in Chicago promises to be a quiet one. The most important issue is an act giving the city council the right to fix a reasonable rate for the sale of gas and electricity in Chicago.

HAMILTON'S

The Coming of an Angelus

into your home would mean far more than mere amusement to your family and friends.

Just suppose that you could have Harold Bauer or Emil Paur or Paderewski or some other of the greatest musicians come to your piano every night in the year, or just as often as you wished. Wouldn't their music be a source not only of pleasure, but of education?

Wouldn't you like to throw around your boys and girls continually the influence of the best in music and in painting and in literature?

Well, as far as music—the most divine of the arts—is concerned—the problem is solved for you.

If you have an

Angelus

at your piano you can summon at will the great musical thoughts, the beautiful dream harmonies, the great tone pictures of all the masters of all the world. And the effort required involves little more than a wish.

The Angelus surpasses every other known piano-player, either human or mechanical. Its repertoire is unlimited. It never tires, is never out of sorts, always ready to answer to your will, to meet with full sympathy your every mood.

The Angelus has the

Phrasing Lever

and the melody devices. No other piano player possesses them. And therefore no other piano player can give the same musical results. The price is $395 to $550, depending on the style of case.

Booklets which tell about the Angelus in detail are free if you ask for them.

An invitation from our Fur Department. Please do us the favor to respond if interested at all in finest and choicest furs.

Specially adapted as Christmas presents of value and elegance.

Liveries for All Occasions.

In our department devoted to ready-to-wear livery, as well as livery to measure, we show everything in carriage livery and house livery. Our livery is stamped with Fashion's approval, and it bears the further marks of being priced close to cost of production.

A particular feature of this department is the making to order (and to measure) of special uniforms for any service required.

We also make buttons, monograms and crests to order in any design.

Estimates cheerfully furnished upon request.

The Remarkable Demand for Oriental Rugs.

During the month past, and so far into November, more fine Rugs from the Orient have been sold by our Rug Department than in any similar time since we began to import Oriental Rugs nearly thirteen years ago.

The fame of our Oriental Rug Department is not confined alone to Pittsburg—it is known pretty well all over the country as a place to find all that is rare and beautiful and pleasing in rare rugs so artistically woven by the semi-barbarous peoples of the far East.

In those extraordinary rugs, the Kirmanshahs and the Serapis, we have the recognized and only collection in the city worth considering. These fine rugs were selected by our personal representative from thousands that were placed before him, and from those thousands he picked out what he knew was right as to color, size and style.

Kirmanshahs range from $85.00 a rug up to $1,500.00.

Serapis range from $150.00 a rug up to $500.00.

Regarding the range of sizes we might be more explicit, we have them from the hearth size up to the immense carpet size of 18 feet by 13 feet.

Fancy Needlework for Gifts.

The exchange of fancy needlework at Christmas time becomes more and more of a fad as each Christmas rolls round. Now, if is not the thing to execute fancy needlework offhand; most women spend many days on one single piece—all of which means that if you are going to present needlework of your own execution it behooves you to consider the matter at once.

In our popular Art Needlework Department, third floor, West, we have a very fine collection of both finished pieces and commenced pieces, and prices run from the insignificant little bit of money for a neat little piece up to the very finest imported fancy work. Here is some idea of the prices:

Special lot of imported Berlin Embroidery represented in scarfs and centerpieces, the embroidery done on Camilla and Sultan Canvas in richest of colors. Shown in both floral and conventional patterns. The work is very accurately made, all stitches being counted. Some have scalloped edge. Others have a hemstitched edge with a row of drawn work inside. Large variety of designs and beautiful colors. Worth $4.00 and $5.00, our special price $2.50

Newest designs in Shadow Embroidered Centerpieces, collar and cuffs, pillows and shirtwaists. All stamped on sheer linen, in designs suitable for this very interesting embroidery.

It will be interesting to all women to know that we have competent instructors who give instruction in all kinds of embroidery, free of charge, every morning from 9 to 11 o'clock. Don't glance at this obliquely—it means what it says—free instruction to all who come from 9 in the morning until 11 o'clock.

Private lessons in all branches of needlework at 50c per lesson.

Engraved Cards for Holiday Gifts.

Baby Clothes for a Fraction of a Dollar.

Singular, indeed, if mothers in these modern times plan and stitch and worry over the making of infants' apparel when for quarter of a dollar, or a half-dollar, the neatest kind of garments can be bought. Our Infants' Department promotes low prices in the very best sort of a way. As an idea look through these paragraphs:

At 25c Infants' Long Slips of cambric, neck and sleeves finished with narrow hemstitched ruffle.

At 50c Little Children's Dresses of warm domet flannel—white, pink, blue, nicest sort of a garment for wearing under thin white dresses. Sizes for 1, 2, 3 years.

At 50c Regular price 75c, all cream silk and wool crochet caps for infants and little children up to 2 years.

The Lox Safety Pin.

Something new, just put on the market, and when it comes to safety this is the only real safety pin that we have ever seen.

Its safety lies in the fact that it is absolutely impossible for it to fly open after once fastened, as there is a diminutive lock on the pin which prevents it from moving. It is an automatic fastener.

We have this ingenious contrivance ready to exhibit at our Notion Counter.

To vote against graft, jobbery, broken pledges put a cross (X) mark in the square marked REPUBLICAN. To vote for clean, upright men, nominated by vote of the people, and to vote for good government put a cross (X) mark in the top square at the left of the ticket marked REPUBLICAN. No more, no less.

County Commissioner Clark has appealed to his friends to "plump" for him and Boss Bigelow has ordered his henchmen to "plump" for Dempster. This desperate warfare between the Democratic-Citizens factions is recognition of the fact they have no hope of winning anything except the minority position allowed by law. Each is striving to capture that and the chances favor Clark, the Democrat.

Never in Allegheny county politics has there been such a brazen offer of corruption as the Citizens party public advertisement for men at $10 a head to work at the polls. Not only did the Citizens leaders expect to buy votes, but they expected to use the men so purchased to intimidate good citizens to prevent them from voting. Happily there are few men in the community willing to give such service, especially at such a price, though the advertiser used the proper medium to reach the cheapest and worst element.

Republican weather is promised for today by the official forecaster. The general use of this phrase to indicate bright, clear, bracing weather is not without political significance. The Republican party is the party of optimism, of progress, of a cheerful hope for better things. Democracy, on the other hand, stands for pessimism, despair, retrogression. Dark, rainy days are Democratic weather. Good Republican weather should bring out the friends of good government in force today to vote the straight Republican ticket.

Distinguished representatives of two eastern countries arrived in Pittsburgh yesterday. They are Kogoro Takahira, Japanese minister to the United States, and Gen. Carteza Khan, the Persian minister. Both are here for the purpose of inspecting Pittsburgh manufacturing plants by order of their governments. These visits, on the same day, by representatives of two distant nations, and strictly for business, are tributes to the importance of the "workshop of the world." Pittsburgh products are to play an especially prominent part in the industrial development of Japan.

When Mayor Hays came into office and sanctioned the discharge of 75 veterans of the civil war, who were performing their apportioned duty, he is reported to have said: "The old soldier is no good." The old soldier is good for one vote today as he was "good" for the defense of his country 40 years ago. Just to show appreciation for his priceless service, every young voter should pause before leaving the voting booth, seek the little square in the lower right hand corner of the ballot, opposite the word "yes," and mark X there for the Soldiers' Memorial Hall.

While the voting will be done for county officers, the issue is broader than that. It is a question of condemning, or indorsing, the insolent violation of solemn promises made to the people. If utter disregard for promises made may be indorsed by voters at the polls, there is little hope, indeed, for better government. The popular sentiment that unhorsed the old Republican machine was based on the hope the promises of better things would be realized. That same sentiment must be expressed again, more vigorously, by repudiation of the pledge-breakers. When that is done, pledges will be remembered. There will be progress. Therein is the hope of good and honest government.

The deplorable condition of London's army of the unemployed was emphasized again yesterday by the demonstration of 6,000 women from the East End slums, who presented a demand for government action to Premier Balfour. With the approach of winter weather the situation daily becomes more desperate. The strange feature of the situation, from the American point of view, is the apparent lack of private philanthropy among the wealthy of London to relieve the most pressing wants until the desired government action can be taken. In this connection one recalls the great subscription for the poor made in Pittsburgh during the hard times of 1893-1894. The Democratic times.

Assert Your Manhood.

Rumors have been spread about the city that peaceable citizens will not be allowed to vote. A police threat has been made that if officers are appointed to protect the purity of the ballot they will be arrested. Good citizen, go to the polls and vote. No thug will be allowed to molest you, whether he wears a policeman's uniform or not.

JUSTICE LIVES AND THE LAW REIGNS SUPREME.

Allegheny county's courts are equal to any in the country. They are presided over by just men learned in the law. They are bulwarks erected for the protection and maintenance of right. They are the safeguard of popular sovereignty, of peace and good order. They will see justice done.

Free citizens voting for the protection of their FAMILIES AND HOMES will not be intimidated.

Republicans on Guard.

Every Republican should remember as he goes to the polls today that no Democratic assistance is needed in reforming possible abuses. If there is anything wrong Republicans will right it. They always have done so. Experiments with Democrats are dangerous. There was the case of Noyes. He put the state treasury in such condition his Republican successor would not accept it. The shortage had to be made good by private subscription.

Since Noyes' time the state treasury has never lost a dollar. Its accounts have been kept straight. Republicans passed and have enforced the interest law on state deposits. If there are any abuses under the present system, Republicans will reform them. No hungry Democrat can be trusted in charge. Remember these truths and vote the Republican ticket.

There Can Be No Mistake.

There can be no reasonable question in the mind of any good citizen which county ticket he should vote. The Republican candidates were nominated by direct vote of more than 30,000 Republicans. They are men of high character and ability. The Democratic-Citizens candidates were nominated by W. J. Brennen, Bigelow and Verner. Those who are asking re-election were chosen because they are willing to give political service to Bigelow. The county officers elected on that ticket three years ago who have made conspicuous records for public service were not renominated. They are supporting the Republican ticket as the only means for continuing the reforms they inaugurated.

William H. Stevenson, W. C. Reitz, Dr. McNeil and the other Orphans who left the Citizens party when it proved faithless to its pledges are supporting the Republican ticket and the cause of good government. Oliver McClintock, W. K. Jennings and the other giants of the Municipal league are supporting the Republican ticket and opposing the Bigelow-Verner-Hays regime of franchise plundering and bad government.

Every good citizen will vote the Republican ticket as a protest against the giving of solemn pledges only to break them—as a protest against "Buck" Wallace, "Tom" Scandrett and police misadministration. A vote for the Democratic-Citizens ticket is a vote for graft, for the protection of vice, for the encouragement of gamblers.

Short Speeches.

Brevity is the soul of political oratory as well as of wit. That candidates are awakening to this fact is evidenced by a glance at the oratorical records of the three leading aspirants for the mayoralty in New York. In the last two weeks Mr. Hearst has made 90 speeches of an average length of 10 minutes. Mr. McClellan has spoken in public 61 times, for the average of five and one-half minutes. Mr. Ivins has made 57 speeches of 10 minutes each. In this time it is estimated Mr. Hearst has addressed 210,000 voters, Mr. McClellan 160,000 and Mr. Ivins 150,000.

This is an age of condensation. The three-volume novel and the two-hour sermon are unknown to the present generation. The three-column editorial is not written, because no one would read it. We like our mental pabulum, as we may yet take our physical nourishment, in tabloid form. A candidate can compress into a 10-minute talk thoughts for an hour's thinking. By cutting their remarks short, the New York candidates were able to reach a much larger number of voters than if they had indulged in long-winded oratory. Another change in political speaking consists in the abandonment of spread-eagleism for plain facts. The business-like appeal to common sense is relished nowadays. Oratorical frills do not impress the sensible voter who thinks for himself. Simply present to him the facts, such as the disgraceful record of the local Democratic-Citizens outfit, and no ornamental oratory is needed to show him the right way to vote.

Fatal Football.

A local fatality due to football is the ninth of the kind in this country so far this season. Football, as played at present, is a pretty dangerous game for immature boys. As in previous seasons, it is worth observing the fatalities and most serious injuries occur among the teams of younger players. This is due not entirely to their immaturity and inability to recover from severe shock. There is a knack in avoiding injury, as every old player knows, and it is a knack which the college and university player seems to acquire more quickly than the schoolboy. While the professional coaches are not averse to a player taking grave risks when necessary, they and the trainers are careful to have their men in as perfect physical condition as possible before engaging in a contest. This may be a partial explanation of the college player's comparative immunity to serious injury. The members of the big teams begin their preparation to play football weeks and months before the opening of the season. Special exercises are taken to harden their bodies to resist injury. No pugilist in training receives more careful, scientific attention.

Football needs reforming. All are agreed as to that. Until the game is rendered less dangerous, boys would better keep out of it. Parents who would not have a son killed or crippled for life can well afford to be called old fogeys for exerting their authority. Old-fashioned football was a glorious game for men and boys. A return to it or something like it would make for the general health instead of adding to the mortality satististics.

The Damning Record.

Since Verner and Bigelow seized the Citizens party organization in Pittsburgh and Allegheny county and Wyman seized the organization in Allegheny City, the party record has been a stench in the nostrils of good citizens. Graft has run riot, as we all know. Franchises have been trafficked in exclusively for private profit—the public has not been given even additional service. Vice has thriven without police interference. Gamblers have been protected. That is the record, there is no denying it.

Does any one suppose the machine in control of this organization which has broken all of its pledges, has indorsed any man for election without an understanding that he will use his office to advance its interests? If any one does dream of such a thing he may see his mistake when he notes the men who were refused such indorsement. He can set himself right by recalling the abuse the mouthpieces of this organization have heaped on Stevenson, Reitz, McNeil and others who insisted their pledges to the people meant something and were binding.

In the light of this record and these reflections can any good citizen vote the Democratic-Citizens ticket? Certainly not.

The Russian Situation.

Reports of horrible happenings continue to come from Russia, but since the exact dates are not all given and means of communication have been difficult for the last few days, it is possible they are not the most recent of the occurrences and there is some truth in the announcement that the situation is gradually improving. Even if the Russian government is about to enjoy a temporary cessation of internal disorders, there are signs on the horizon of a coming storm in Poland. A strong revival of the struggle for autonomy is reported. The governor general of Warsaw has found it advisable to prohibit processions and open-air meetings of the citizens, deeming them "not fit to profit quietly" by their newly gained rights. It is evident that Poland's thirst for liberty has been by no means quenched.

Sickening details of the horrible massacre of Jews are now being brought to light. The charge is made that Cossacks and police have joined with the mob in the bloody work. Count Witte doubtless expresses conditions truthfully when he says: "The government is horrified at these outrages. You know that I do not sympathize with such savage outbreaks. The country is in such an unsettled state, the local authorities are often powerless." W. T. Stead's opinion that the czar's reforms have been granted too late, and that Russia is soon to be the scene of a gigantic massacre, is entitled to consideration in view of his personal investigations just concluded. Although a sensationalist, Stead is a close observer and knows Russia. In the absence of any opportunity to interfere, as stated yesterday by President Roosevelt, the people of America can only hope this dreadful calamity will yet be averted.

It is easy to vote right for good government. Put the mark X in the space at the upper left-hand corner of the ballot marked REPUBLICAN and put it in the lower right-hand corner opposite the word "yes."

Even for $10 a day the necessary number of men could not be found to do the dirty work for the Democratic-Citizens outfit.

The Leader takes the ground that, considering the paper it appeared in, people shouldn't have taken any stock in that "ad."

Vote for Young, Stone, Fairman, Kirker, Booth, Dodds, Campbell, Hozack, Price and Guy. Good men, good cause.

The president of the Enterprise bank is a Democrat. Why, then, call it a "political bank?"

A vote for the Republican ticket is a vote against protected vice and for the sanctity of the home.

A vote for the Democratic-Citizens outfit is a vote for the worst elements in the community.

Vote against graft. Vote against plundering the public. Vote the Republican ticket.

The close of the campaign finds the throat specialists rushed with business.

Turn the X-rays on the Citizens' pockets and you find "stolen goods."

The Leader has undoubtedly made some votes—but not for its friends.

Vote for John Stewart and Lee Plummer, both Republicans.

"Buck" Wallace's record cannot be deodorized.

Vote for the whole Republican ticket.

No more frenzied oratory from Mr. Castle.

Vote for the Soldiers' Memorial Hall.

QUIET OBSERVATIONS ON WAYS OF WORLD

Something More Than Beauty Is Needed in a Good Wife.

By ERASMUS WILSON.

I slept and dreamed that life was Beauty;
I woke, and found that life was Duty.
Was thy dream then a shadowy lie?
Toil on, poor heart, unceasingly;
And thou shalt find thy dream to be
A truth and noonday light to thee.
—Ellen Sturgis Cooper

How is it with you, fair lady? Is life cold, imperative duty, or is it perennial beauty?

If women could be made to understand, and to realize, that they are not unlike the chameleon in that they take on the colors with which they are environed.

When their spiritual environment is cheerful, radiant, hopeful, they show it in their conduct and manner. Nor does passing storms, shadows, or disheartening conditions cause them to lose altogether the brightness, sweetness, and hopefulness that predominates in their spiritual natures.

The real beauty of women lies in her spiritual nature, not in her physical makeup.

In very truth herein lies the secret of real beauty, that beauty which is ever winsome and that never fades. It ages not, nor does pain rob it of its winning charms and magic power.

As compared with physical beauty, which is prettiness, it is as sunlight to the glow of the candle-dip, the warmth of summer to the heat of dying embers, the bloom of the field to the flower pot.

* * *

Men who are worth having as husbands care more for the pretty ways and beauties of heart, than for shapeliness of form, delicacy of complexion and drawing-room graces.

Isn't it most singular that women have not caught onto this fact and made good use of it?

Because some men of means chase after butterflies, mammas, and the girls themselves, turn their attention to the cultivation of the butterfly qualities.

But don't you know that butterfly colors are only dust, sprinkled on gauzy stuff thinner and weaker than cheese cloth, and easily brushed or blown off—as easily as the rouge and starch from the cheek of the butterfly girl?

A sensible woman would hardly attempt to deceive a sensible man with such a thin and unstable trick.

Do really sensible women ever attempt it? Women do it, beyond doubt, but does it not go to prove that they either regard the men as very foolish creatures, or that they are foolish themselves?

* * *

There is something wrong with the conditions in the social world, as you very well know.

Where does the trouble lie?

That is the leading question of the hour, and yet it does not seem to receive much attention in social clubs, or from society people.

Does this mean that social clubs are not interested in the welfare of those whose lives they may influence more or less? It looks that way, and yet one can hardly think that those who regard themselves as the very soul of society can be so indifferent to the real interests of society.

What more noble work can social clubs, particularly women's clubs, engage in than in the development of nobility in character? It is character that counts for usefulness, success and downright worth in the lives of all, and particularly in the lives of men, for say what you please, women have most to do in forming character in men.

But, somehow or another, club women want to tackle things that are of little practical use to themselves, or to society at large.

* * *

There is great demand at present for marriageable women; that is, for women who will make good wives.

A marriageable woman is not one who is merely old enough or good looking enough, or nice enough, but one who is healthy, heartsome, and deeply earnest in her desire to live a useful, contented, beautiful life.

Sensible, practical men are averse to marrying women merely to keep them as ornaments, for as such they are not only expensive, but soon lose their charms. And being alive and possessed of desires more or less undisciplined and uncultured, they are often inclined to impair their ornamental values.

A woman's power to charm is not enduring, so that she cannot hope to hold a man by it very long, particularly if some of her charms are fictitious.

Men are becoming wise to this fact and the wiser they become the more chary they are about investing in wives. And that's no joke, but a fact that the wiser woman will accept as a valuable pointer.

* * *

There are impracticable, unwise men as well as women. These are prone to enter where angels would fear to tread. In fact they rarely count the cost of a venture before undertaking it. When such as these are successful it is when success is thrust upon them, which isn't very often.

The failure of these are noted by practical men of affairs, social and otherwise, and they govern themselves accordingly, which explains why there are so many good men who are wifeless and home less; also why so many young men take to club life instead of to home life.

That the club is menacing the home there is no doubt. This can hardly be denied by club women, and will be freely admitted by club men. Indeed, the average club man will say that he would much prefer a home, but he cannot make it alone, and that the chances of getting a home-making wife are so slim that he is really afraid to marry.

There are foolish men who travel on their good looks and swell appearance, but these are almost certain to get what's coming to them, for sensible women rarely notice them favorably.

Herrick's Clean Record.

Mr. Herrick has been a good governor. Fairly weighed, his first term has been a success. Every state institution under his control shows distinct betterment. He has given Ohio a clean, businesslike administration. He has stood for good laws and their enforcement.—Cleveland Leader.

POLITICAL PROPHETS ARE BADLY AT SEA

Not a Veteran Will Dare Hazard a Prediction on Outcome of Gotham's Elections.

By FRANK A. PARKER.

[By Private Wire to The Gazette.]

NEW YORK, Nov. 6.—One guess is as good as another. That is the situation on the eve of election. Hearst has it by more votes than the other two combined—if you listen to Hearst advocates; the power of the organization tomorrow will surely land McClellan well in the lead—if you listen to the Tammany men; the disruption of Tammany by the Hearst invaders will give Ivins more votes than either of his opponents—if you listen to Republican leaders. After listening to all three, and commuting with yourself, you simply don't know. Not even the veteran politicians, who pride themselves on their prophecies, dare go on record this time.

Such a chaotic condition has not existed the day before election for many years past. The Roosevelt-George-Hewitt campaign was like it, but none since then. Organization won out then—it beat Henry George. That it will win out again tomorrow is Tammany's hope, perhaps its belief. It does not now underestimate the task. It is in sullen, desperate mood. It has lost many of its rank and file, but none of its leaders. It is a singular feature of this campaign, in view of the widespread character of the Hearst movement, that not one member of the Tammany general committee has deserted to the opposition.

Will Have Money to Spend.

It will be the duty of the city's board of estimate and apportionment to spend about $600,000,000 within the next four years. Tomorrow will show whether the voters are going to entrust this vast sum to worthy or unworthy public officers. The board that controls New York's purse is composed of the mayor, president of the board of aldermen, and comptroller and the presidents of the five boroughs. Both Mr. Ivins and Mr. Wells, the latter the Republican candidate for president of the board of aldermen, made this board of estimate matter the chief theme of their closing speeches. Referring to the possible Tammany board, Mr. Ivins spoke of it as the worst combination of "impossibles" ever submitted to the voters of the city.

"Dough Day" at Tammany Hall.

This was "dough day" at Tammany hall. The district leaders got their share of the expense money, and others picked up the crumbs that fell from the lockers. Charles F. Murphy withdrew from the Fifth National bank, Twenty-third street and Third avenue, $175,000 in $5 bills and $50,000 in bills of smaller denominations. The $175,000 figures are exactly $5,000 for each of the 35 assembly districts, with $50,000 to spare in small bills for contingencies. It will thus be seen that Tammany will not want for money tomorrow.

Looking for Some "Floaters."

Fifteen hundred warrants have been issued at the instance of State Superintendent of Elections Morgan for the arrest of colonizers, or "floaters," who have made ready to vote in more than one district tomorrow. This action is taken in accordance with the reports of deputies who for weeks have been keeping close watch on lodging houses and other places which have housed the would-be wholesale voters. The warrants were signed this forenoon by eight different magistrates in the district police courts, instead of as heretofore by one magistrate.

One Straw Against Tammany.

There was something of a sensation today on the Wall street curb when it was learned that a number of policemen and firemen had sent money into the ring to bet against McClellan. Oscar Bamberger reported he had placed bets totaling $2,800 to $5,600, or 2 odds of 1 to 2, against McClellan for a Hearst syndicate composed of 26 policemen and two firemen. In the late afternoon it was evident Tammany money was coming into the betting market in quantities. The odds got to 2½ to 1, offered on the Tammany candidate. On the advance a large amount of betting took place.

Walks About With Death Wound.

With a self-inflicted rifle bullet in his brain Frederick Seeger, a German delicatessen dealer, 35 years old, of 23 Amsterdam avenue, lived for an hour today. After shooting himself and falling to the floor of his kitchen, he got up and walked, smiling, to an ambulance. At Roosevelt hospital he got out of the ambulance, unassisted, and walked to the accident ward. Yet he died within an hour after his reception. The surgeons say his great vitality accounts for this surprising exhibition. Seeger was six feet two inches tall, and weighed 260 pounds.

Anti-Anglomaniacs to Parade.

Police Commissioner McAdoo granted a permit today to the Anti-Anglo-American Alliance league to parade Thursday afternoon at 5 o'clock on the same day the officers of the British squadron, under Prince Louis of Battenberg, will be entertained ashore. The parade is intended as a demonstration against such expressions of good will toward England. Twenty-five persons will parade, the line of march being from Madison square down Broadway to Fraunce's tavern, in Broad street, where George Washington took leave of his officers.

Sir Caspar Goes to Work.

Sir Caspar Pudon Clarke, the new director of the Metropolitan Museum of Art, took charge of his position today. He appeared at the museum at 9:30 o'clock, greeted all the subordinates, and went immediately to work on the large accumulation of mail matter. During the morning several of the trustees of the museum appeared, and he was in consultation with them.

The Pursuit of a Phantom.

Let us acknowledge the facts! Let us tell the truth! We have all been money-mad to a greater or less extent. Fortunately, we are beginning to wake up to a realization of the fact that we have been losing the substance of life in a vain attempt to grasp its shadow. The rich have to a large extent been the prisoners of wealth, while the poor have been the prisoners of a desire that has proved vain. The beauty of the world, the depths of human wisdom, all that instructs and inspires, have been neglected in the pursuit of a phantom.—Denver Republican.

SOME STAMPS HAVE DEVICES OF PIETY

Several Series Decorated With Religious Themes—St. Paul's Shipwreck Shown.

The Washington correspondent of the New York Sun writes entertainingly on the various devices used on the different postage stamps of the postal system of the world. "Since the foundation of the postal system," he remarks, "there has not appeared upon any American postage stamp a single symbol or character of a religious nature except the incidental figure of Marquette, as a teacher of the Indians, which was depicted on the one cent denominations of the Transmissisippi issue stamps in 1898. On the other hand, the stamps of Abyssinia all portray the cross.

"Religious emblems and scenes are common upon the stamps of other countries, and many of the most beautiful stamps have as their central figure some religious symbol or figure or an illustration of Bible times.

"The little island of Malta, upon which the Apostle Paul was shipwrecked, recently issued a series of stamps, extremely artistic in conception and execution, which portray the experiences of the apostle. The ten shilling stamp, which is as large as two American stamps, depicts the scene of the attack upon Paul by the asp. In the distance is the wrecked ship. A fire by the seashore, the snake stretching its head out from a pile of wood, the apostle stretching his hands toward heaven and two persons disporting in the sea are all brought out with distinctness upon this postage stamp.

Most Elaborate Conception.

"Perhaps the most elaborately worked out conception of a religious theme upon postage stamps was developed by Portugal. Upon the occasion of the 700th anniversary of the birth of St. Anthony of Padua, a special set of stamps de otel to St. Anthony was brought out. The lowest denomination, having a value of less than one-third of one cent, represents St. Anthony's vision; the child Jesus appearing in the clouds; and the saint upon his knees with outstretched arms.

"The second design, which is used for five values of stamps, represents the miracle of the fishes. The legend runs that the saint was once in the town of Arimin, where there were many heretics. Desiring to convert them St. Anthony preached to them, but they stopped their ears and turned away, whereupon the saint left them in disgust and went to the seashore where he called upon the fishes to come and hear him. Immediately a great multitude of fish; all sizes, from whales to minnows, appeared, poking their heads out of the water, listening while he delivered a sermon. The stamps depict the saint standing on the seashore and innumerable fishes with their heads protruding from the water.

"The third design shows St. Anthony ascending, accompanied by an angel on each side, into heaven. The fourth design is what is said to be an authentic portrait of the saint as found in the Academy of Fine Arts in Paris. His right hand is raised in blessing and in his left hand he holds a lily. A curious feature of these stamps is that upon the back of each is a prayer, in Latin, offering thanks to God for blessings received.

Other Religious Details.

"The stamps of the papal states of the Church of Rome are of a uniform type, with variations in detail. All have the insignia of the popes—the triplet tiara and the crossed keys. These stamps were issued and used between 1852 and 1868. They have been reprinted and counterfeited, but the genuine originals are not common.

"One of the most beautiful stamps to be found in the album of any collector is the 5 drachma denomination of the Island of Crete, picturing the fight of St. George with the dragon.

"Various types of crosses are common on stamps of European countries, appearing upon coats of arms. Portugal issued a stamp for the Red Cross society. It is a black stamp with a red cross upon a white shield in the center, and is without denomination.

"All of the early stamps of Switzerland had a white cross upon a red shield as the central feature. On the Venezuelan stamp commemorating the discovery of the mainland of South America the cross has a prominent place, as well as upon the stamps commemorating the discovery of Brazil.

Mythology Plays a Part.

"Mythology plays its part on stamps, the various gods and goddesses of the ancient Greeks finding expression on the stamps of the Greece of today. Mercury, the messenger of the gods, has always been the principal figure on Grecian stamps.

"Austria used the head of Mercury on its newspaper stamps, and the late issue of Uruguay depicts this familiar figure on its 50-cent denomination. The stamps of the United States formerly used in the payment of newspapers mailed by publishers at pound rates had as their central figures many goddesses, including agriculture, wisdom, victory, history, youth, etc.

"Zoroaster's doctrine of fire worship is depicted upon Persian stamps in the representation of the sun shining through a beautiful oriental window, and similar designs are found on the stamps of Peru.

"Nearly all Chinese stamps bear dragons, hideous beyond description, as their central figures. Other stamps depict great pagodas and sacred towers, being supposed to guard the 'luck' of a place and propitiate the spirits and frighten away the evil ones. The one on the stamp of Hankow is the Yellow Stork pagoda."

The Greatest Work of Art.

The women who compose the Greek Ethics club of St. Louis have practically decided that it is impossible to love man and art at the same time. It only remains to be decided by them now which of the two they shall give up. And this being a rather important question, they have decided to postpone further consideration of it until their next regular monthly meeting. In the meantime it behooves the husbands or the lovers of the women of the St. Louis Greek Ethics club to bestir themselves with the view and the hope of convincing their wives or sweethearts that man may in many respects be considered a work of art—a great work of art—and that, therefore, they can, by making a little effort while loving art for its own sake, love man for the sake of art.—Chicago Inter-Ocean.

Between Eagle and the Scales.

Under which sign—the Republican eagle, the Democratic star, the Socialist torch, the Prohibition fountain, the Socialist Labor hammer, or the Municipal Ownership scales—will a plurality of New Yorkers range themselves? As it looks at present, the contest will lie between the eagle and the scales.—New York Tribune.

THE OLD-TIME FIREPLACE.

The stores an' the steam-heat "git" the
These weak'ning winter days!
Gimme the old-time chimbly
The backlog and the blaze!
I want to sit where the oak fire gleams,
An' tell old stories an' dream old dreams!

The steam-heat—it says nuthin',
The stove hides dreams from sight,
But the flames of the open fire
Sing songs of a winter night!
Settin' there, where the bright light streams,
I tell old stories, an' dream old dreams!

Youth comes back, with its roses
As I dream by the fireside late,
The love of the old-time sweetheart
In the firelight at the gate!

Interesting Happenings Concerning the People Who Are Traveling.

That more than the usual interest is being taken in the election in Pennsylvania today was manifested last night at the hotels and stations in this city. Inbound travel was light all day from state points, for the traveling men are waiting until after they cast their ballots and do a little electioneering on the side before starting out on their week's jaunt. The outbound travel last night was not heavy, but the records of the hotels showed that most of the traveling men who had been in the city from different parts of the state had left for their homes to vote.

"We have very few state people on the register tonight," said one of the hotel clerks. "I have never seen an election in which such general interest was taken by the traveling men, and I have been behind the desk for a good many years. The state traveling men did not come to Pittsburgh yesterday and those who were here skipped out for their homes last night. The same is true of the business men from out-of-town points. There are few of them here from places in Pennsylvania."

Two of the hotel registers gave evidence of something good coming today in the line of football. At the Hotel Duquesne the Franklin and Marshall college football team from Lancaster was registered. This team will play the Western university team today. At the Monongahela house was registered the Niagara university team, which will play the Pittsburgh Lyceum team.

Chief Marsh Visits "Jack" Pott.

George S. Marsh, first assistant to General Passenger Agent F. A. Miller of the Chicago, Milwaukee & St. Paul railway, spent yesterday in Pittsburgh. His visit, of course, included a chat of an hour or two with John R. Pott, the Milwaukee's district passenger agent here, and then the two men went out to make friendly calls on the other traffic men. Joseph P. Taggart, assistant general passenger agent of the Baltimore & Ohio, was one of the men who was rounded up for dinner with the two Milwaukee road men. Mr. Marsh has spent a month making a tour of the eastern offices of the company. He reports business as excellent, but says the road's famous "three-of-a-kind" trains, the Overland, Pioneer and Southwestern limiteds, can always find room for more passengers. The new sleeping car equipment installed on the Pioneer recently, Mr. Marsh says, is proving very popular. He left for his headquarters in Chicago last night with a better feeling for the good work done by "Jack" Pott and City Passenger Agent Robert Fleming in this territory.

Commissary's Remains Taken East.

The remains of E. H. Goodspeed, commissary for the Pullman company in this district under Superintendent G. H. Edwards, were taken to Boston last night on the New York special of the Pennsylvania. Mr. Goodspeed died at his home in this city Sunday morning. He was formerly located at Boston. He had been commissary for this district for the past two years.

Looking Up N. & W. Cars.

N. L. Friese of Roanoke, Va., general foreman of the car department of the Norfolk & Western railway, is registered at the Hotel Henry. Mr. Friese is in the city looking after the manufacture of new cars for the Norfolk & Western. The company will order several thousand cars in addition to the orders already placed. The growth of the coal and coke traffic is demanding material enlargement of the equipment.

✦ ✦ ✦

Swedish Baron at the Fort Pitt.

Baron J. W. Stycrustedt of Stockholm, Sweden, is registered at the Fort Pitt. He is one of the few titled Swedish gentlemen and is simply making a tour of America, intending to visit in Pittsburgh several days.

W. M. McKinnie, proprietor of the Hotel Anderson, went to Fort Wayne, Ind., last night on the Pennsylvania limited to visit his former home.

Will It Be Worth the Price?

It costs a lot of money for an election in New York city. Through annexations the city has grown so that it now has 1,948 election districts. The municipal authorities expend $267,286 for inspectors of election, $45,792 for ballot clerks, $200,000 for newspaper advertising and $70,000 for the printing of ballots. All told, it is estimated that the city government will expend at least $1,000,000 on the present city campaign.—Buffalo Times.

THREATS AGAINST ENGLISH THRONE

Hungry Wives of Unemployed Men Talk Plainly to Premier Balfour.

SYMPATHY, BUT NO RELIEF

[By Associated Press to The Gazette.]

LONDON, Nov. 6.—The desperate condition of the poor of London was brought to the notice of Premier Balfour today by a remarkable deputation of the wives and other women relatives of the unemployed who did not hesitate to tell the premier that unless something is speedily done to lessen their sufferings there will be bloodshed.

"Don't forget that hungry men are desperate men," said one of the speakers who all had the same tale to tell of husbands out of work and starving wives and children.

The pinched faces and tattered clothing of the women, some of whom had babies in their arms, bore eloquent testimony of the truth of their complaints. Enormous crowds of women from all parts of London marched through the streets headed by a deputation which Mr. Balfour received at the office of the local government board. The "Marseillaise" was heard as the procession advanced, perhaps the first time it was ever heard under such circumstances, in the streets of London. Only 30 of the women were admitted to the presence of Mr. Balfour.

Only Hope Is Public Charity.

The premier was very sympathetic. He acknowledged that the evil was very real, but he had little to suggest in the way of alleviation except an expression of hope that public charity would come to the aid of the unemployed. He deprecated the socialistic suggestion that industries should be started at the national expense for the benefit of the unemployed as calculated to destroy the springs of enterprise and energy of the nation.

At the close of Mr. Balfour's "speech of despair," as the delegates described it, Mrs. Crooks, wife of William Crooks, a Labor party member of the house of commons, and several other women excitedly invited Mr. Balfour to come and live among them for a few months. The premier remarked that he was quite aware that nothing he had said could be other than disappointing. They had his genuine sympathy and he felt most acutely the magnitude of the evil from which they were suffering.

Balfour's Name Is Hissed.

A mass meeting of the woman was held at 5 o'clock in the afternoon to hear the report of the delegation. Mr. Crooks, M. P., and others, made speeches. Mr. Crooks said that Mr. Balfour's reply to the delegation was unworthy of the premier of a great country. The mention of Mr. Balfour's name was greeted with a storm of hisses. Mr. Crooks added that they had started an agitation which would not cease until every man who wanted to work was supplied with sufficient to support his wife and children. The speaker urged his hearers to continue the agitation. He said that a revolution in England would not be behind the revolution in Russia in securing the demands of the people. The meeting unanimously adopted a resolution to continue the fight for the employment of the unemployed and the meeting broke up amid uproarious scenes and the singing of the "Marseillaise."

NO RELIEF FOR RUSSIAN JEWS

President Roosevelt Decides No Action Can Be Taken by This Government.

HAS BEEN DEEPLY CONCERNED

[By Associated Press to The Gazette.]

WASHINGTON, Nov. 6.—President Roosevelt has decided that no action can be taken by this government at present which will be of any benefit to the Jews of Russia. This information was made public at the White House today, in the following statement:

Oscar Straus called upon the President this morning, not to ask him for action, but to consult with him as to whether there was any possibility of action which would result in a cessation of the horrors connected with the massacre of the Jews in Russia. The President stated that, of course, he had been watching with the deepest concern the reports of these massacres; that he had been appealed to within the last few weeks to try to take some action not only on behalf of the Jews in Russia but in behalf of the Armenians, Poles and Finns. The result of the President's inquiries coincide with statements contained in a cablegram from Count Witte to Jacob H. Schiff, shown the President by Mr. Straus, as follows:

"The government is horrified at these outrages. You know that I do not sympathize with such savage outbreaks. All I can do to stop the disorders is done, but as the country is in such unsettled state the local authorities are often powerless."

In the conditions of social disorder which actually exist in Russia the President does not see that any action can be taken by this government at present which will be of any benefit to the unfortunate sufferers for whom we feel such keen sympathy.

HELP MAKE COMFORTABLE OLD TEACHER'S LAST DAYS

Former Pupils of Miss Laura M. Logan Form Association to Carry Out Worthy Purpose.

In order to aid her during the remainder of her days while she is combating an incurable disease, the former pupils of Miss Laura M. Logan, who for 25 years taught in the Fifth ward school, Allegheny, have agreed to form an organization to be known as the Laura M. Logan's Pupils' association, the initial meeting of which was held last evening in the Fifth Ward school building, when officers were elected.

Miss Logan was compelled to resign last winter, since which time she has been lying in the Presbyterian hospital with a hopeless malady. It is the purpose of her former pupils to have her removed to the Home for Incurables in Butler street, Pittsburgh, and to provide every means to make her last days comfortable. It is said that there are now 3,500 former pupils of Miss Logan in the two cities and it is the purpose of the new association to appeal to them all to help in the cause. The officers elected last night are as follows: President, W. J. Straussburger; vice president, Winfield Walsh; treasurer, Herbert Wilson; secretary, Miss Katherine W. McHenry; assistant secretary, Miss Agnes Patterson.

The annual meeting of the Methodist Episcopal Church union of the Pittsburgh district was held yesterday afternoon in the Methodist Episcopal Publication building. The salaries of the Polish and Italian missionaries were increased, but the figures were not made public.

The annual election was held and nine directors were named as follows: President, R. B. Ward; vice president, the Rev. Dr. C. W. Smith; secretary, Attorney W. H. Pratt; treasurer, Elias J. Johns; the Rev. Dr. James Mechem, M. B. Bates, W. S. Horner, Durbin Horne and Harry Simpson.

Notable Recognition of a Pittsburgh Company.

Through its displays at the two great expositions held in the world during the summer now at an end, one of Pittsburgh's best known manufacturing companies has established a record in the matter of prize taking, which has probably never been surpassed and is, in any event, nothing short of wonderful. The concern in question is H. J. Heinz Co., manufacturers of the widely-known "57 Varieties," and the expositions where it gained honors were the Lewis and Clark, held at Portland, Ore., and the great International exposition at Liege, Belgium.

At the Portland exposition the company received 49 highest awards for the superiority of their products, and a special gold medal for the finest exhibit at the fair. At the great International exposition they received the highest award, the grand prize for the excellence of their products, although here they were brought into direct competition with all the European manufacturers.

In addition to these prizes the company received honors at both expositions in recognition of their industrial betterment work among their employes. At Portland this award was in the form of a gold medal. At Liege the welfare work was recognized by another grand prize, while the directors took the unusual step of bestowing a diploma upon Mr. H. J. Heinz, the president of the company, for his personal work among the employes of his company.

GRAFT CHARGES FAST AND THICK

Chairman Zoeller, of Knoxville Council, Opposes Bon Air Traction Franchise.

EXCITEMENT ON HILL-TOP

In a fight over the granting of a franchise for the Bon Air Street Railway Company to build on Summit avenue, Knoxville, last evening, Chairman William F. Zoeller of the Knoxville borough council created the greatest excitement in the history of the borough by his open charges of graft. Loud applause greeted his remarks, given by close to 50 residents of the borough, and hisses and groans marked the five votes in favor of the ordinance which passed it finally. Chairman Zoeller left the council chamber with the ordinances in his possession, and when asked by Borough Clerk George L. Stahl when he would sign them he answered:

"You will get them, when I sign them."

C. F. Baxmeier, who represented the Bon Air Street Railway Company, said after the meeting was over that this was the last in the series of franchises which had been obtained by him.

"It is really for the Pittsburgh Railways Company," he said. "We have secured the franchises in West Liberty, Bon Air and Knoxville and the lease of the Castle Shannon railroad. Our work is now completed.

Disputes Graft Charge.

"A railroad will be built from West Liberty through Bon Air's streets to Arabella street, Knoxville, to Dewey, to Summit to Southern avenue, connecting at Summit and Southern with the Suburban line of the Pittsburgh Railways Company. We have given to Knoxville a perfectly fair franchise, with the assurance of a five-cent fare on the new line and the promise of all the transfer privileges granted at present. There is absolutely no truth in the charges of graft made tonight."

When the ordinance granting the franchise to the Bon Air company came up, it was backed by a petition in its favor. Without any difficulty the ordinance was passed on first reading. Then the motion was made that the rules be suspended and the ordinance be put through second and third readings and passed finally. At this point Chairman Zoeller called Councilman John Anderson to the chair. Zoeller thereupon presented to council a petition opposing the ordinance. He said in part:

"There are 108 names on the petition presented in favor of this ordinance. The people who are named are scattered all around the borough and few of them would even use the line that is proposed for Summit street. On the petition are the names of 19 who live in Summit street. To the best of my knowledge not one is a property owner.

"Someone Getting Graft," Says Zoeller.

"Now look at our petition. On it are the signatures of 22 property owners in Summit street who urge you not to ruin our property by this street railway franchise. It was originally a 50-foot street, but on the promise of a representative of the Knoxville Land Improvement Company the people there consented to its being reduced to a 20-foot street in order that there should never be a street railway constructed on it. If there is one built it means undoubtedly the loss of the lives of some of our children. A 20-foot street with a double-track line can mean nothing else.

"One man has come here with a petition. I suppose there's going to be a nice little rake-off. Is there any graft in this borough? Who is getting it? By what other means would such an ordinance be passed? Mr. Chairman, there is someone getting graft out of it, or they would not be for it."

Councilman August Belzmeier grew red-hot at this statement and wanted to know about some experiences of Mr. Zoeller in a dispute of some years ago.

Passes to Zoeller's Sorrow.

Then the matter came to a vote and was passed with Councilmen James F. Grimes, August Belzmeier, John Anderson, William Knab and A. R. Snee voting "aye," while Chairman Zoeller and George Ashburn voted "no."

With the two votes of "no" there was loud applause from the people in the room, while with each vote of "aye" there were hisses. In the midst of the voting the chairman remarked:

"I tell you, gentlemen, it's awful to have a string around your neck."

The ordinance was finally declared passed by Mr. Zoeller in the following words:

"The ordinance has received the required number of votes, and I declare the ordinance, to my sorrow, passed."

Council adjourned at once, and what had been an orderly assembly, except for the hisses and applauding, now for a moment became a most excited one. Two young men were eager to settle the matter outside, and the smaller of the two was making good his demand when the larger was stopped by a third person. Chairman Zoeller informed Councilmen Beizmeier that his vote tonight was not an act of friendship. Councilman Ashborn said that the ordinance means a big loss in property values in Summit street, "the prettiest street of the borough." Meanwhile Mr. Baxmeier, having won out in all his contests, was the most pleased man in the county.

WILL SING "ELIJAH."

Mozart Club Opens Its Season Tonight With Mendelssohn's Magnificent Oratorio.

The Mozart club opens its concert season this evening at Carnegie Music hall with a performance of Mendelssohn's oratorio "Elijah." The chorus has been working diligently at the rehearsals, under Mr. McCollum's direction, and will be present this evening in nearly full force of 200 voices. The solo parts will be taken by Misses Amanda Vierheller, soprano, and Christine Miller, contralto; Messrs. Albert Shaw, tenor, and Gwilym Miles, baritone. Misses Vierheller and Miller are well-known Pittsburgh singers, Mr. Shaw is tenor of the First Presbyterian church choir, Chicago, and Mr. Miles is a New Yorker who has sung here in many Mozart club and Pittsburgh orchestra concerts.

What Sulphur Does

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and, mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years research and experiment have proven that the best sulphur for medinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores, under the name of Stuart's Calcium Wafers. They are small chocolate coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health. Sulphur acts directly on the liver and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flours of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Wafers is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilking while experimenting with sulphur remedies soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafers is a proprietary article and sold by druggists and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin diseases as this remedy."

At any rate people who are tired of pills, cathartics and so-called "blood purifiers," will find in Stuart's Calcium Wafers a far safer, more palatable and effective preparation.

SAYS INCENDIARY CAUSED DISASTER

Inquest Into Rand Powder Mill Explosion Brings Out Remarkable Statement.

[Special Telegram to The Gazette.]
UNIONTOWN, PA., Nov. 6.—The inquest of the jury selected by Coroner A. S. Hazen to inquire into the deaths of 18 victims of the Rand Powder mill explosion was held at Fairchance today and the theory of incendiarism was advanced by Superintendent C. M. Rand as the cause of the explosion.

Mr. Rand told of his thrilling escape from the mill and his serious injuries and described the process of making powder at the plant, the location of the different mills and the precaution taken for safety. He said no mill was run over three or four hours at one time and that no excessive amount of powder was carried in stock. "The explosion was caused by incendiarism," said Mr. Rand, "and I have good reasons for this belief."

He said that a package not over three inches in diameter could be made to blow up each building and that such a device could be placed in a half minute and a clock could be set to have the explosion occur in ten hours or ten minutes.

It was then recounted by Mr. Rand that for three months prior to the explosion suspicious incidents happened to cause the company to put on an extra outside watchman. Men were seen acting suspiciously outside the grounds and were chased away, and one time a man was seen climbing over the fence and was shot at.

Employes at the plant also testified, but they advanced no theory as to the explosion. The jury adjourned to render a verdict later.

Capt. John C. Groome.

READY TO ORGANIZE STATE CONSTABULARY

Captain John C. Groom at Last Ready to Pick Men—Will Not Be a Military Organization.

[By Private Wire to The Gazette.]
PHILADELPHIA, Nov. 6.—All the candidates having been examined, both mentally and physically, Capt. John C. Groome is now ready to organize his force for Pennsylvania's constabulary. In speaking of his force today, Capt. Groome said:

"I have gotten together, I think, the finest body of men the state can furnish for this class of work. Every man who applied had to first pass a rigid physical examination and then an equally severe civil service examination.

"And I want it distinctly understood that this is not a military organization. To have troops of armed cavalry patrolling the country in time of peace is something that is contrary to our form of government and the people would not stand for it. The Pennsylvania constabulary will be nothing more nor less than a force of mounted police."

SIX MASKED MEN BREAK FARMER'S PRIVATE BANK

Threaten Victim and Mother-in-Law With Death, and They Tell Hiding Place of Treasure.

[Special Telegram to The Gazette.]
WILKES-BARRE, PA., Nov. 6.—The farm house of Eli Avery, a wealthy farmer at Arnant Summit, was raided this morning by six masked men all heavily armed. Avery and his mother-in-law, Mrs. John Sartell, were the only persons in the house at the time, Mrs. Avery being away on a visit.

Avery and Mrs. Sartell were securely bound and gagged and then the safe was forced open. It contained no money, as Avery, suspecting that a robbery might occur, as he had seen some suspicious men near the house during the day, had hidden it in his bed.

The men evidently knew he had a large sum of money for they threatened to blow out his brains and those of Mrs. Sartell if he did not reveal its hiding place. He did so. The burglars, after cutting down the telephone, bound Avery and Mrs. Sartell to the bedposts and escaped. It was some hours before they could free themselves.

TRAINS CRASH IN TUNNEL.

Body of Engineer Is Buried in Wreck for Five Hours—Two Men Badly Hurt.

WASHINGTON, PA., Nov. 6.—(Special.)—At 2 o'clock this morning two Baltimore & Ohio freight trains met head on in the Brady tunnel, just east of Washington. Joseph Keating of Pittsburgh, engineer of the westbound freight, aged 25, was killed. He leaves a wife and three children. Martin O'Donnell of Glenwood, engineer of the eastbound train, suffered a compound fracture of the left leg, broken arm and severe bruises and cuts. Le Clair May of Glenwood, fireman on the eastbound train, sustained a crushed foot.

Both trains were running on special time and neither engineer was aware of the other's approach until the headlights were seen in the tunnel. Both engine crews jumped. Keating alighted on the convex side of the curve and was caught beneath a car of coke which overturned. His body was not recovered for five hours.

HERR MOST OWNS PROPERTY AND OVERLOOKS HIS TAXES

Delinquent List Developes Intention of Anarchists to Found Colony in Findlay, Ohio.

[Special Telegram to The Gazette.]
FINDLAY, O., Nov. 6.—When Auditor John A. Sutton advertised lot No. 15,664 in the Findlay Heights addition to this city as being the property of Herr John Most, the anarchist, the public learned for the first time that Most had invested in Findlay real estate during the boom nearly 20 years ago.

Most had been regularly paying the taxes until the last half year, when the amount becoming delinquent is reported as $6.41. The lot will be sold December 11.

The sale of this lot has also made apparent the fact that anarchists from Cincinnati, Dayton and Chicago also made investments at the same time Most did, but that they have kept their taxes paid. It is learned that an attempt was at one time made to start an anarchist colony, but that the scheme was nipped in the bud by the authorities.

PASSENGERS IN A PANIC.

Improperly Set Break Causes a Runaway and Two People Are Badly Hurt.

BELLEFONTAINE, O., Nov. 6.—(Special.)—While the conductor and motorman of a Springfield & Bellefontaine interurban car were in the car barn here this evening receiving orders, the car, half filled with passengers, suddenly started to move off.

As soon as the passengers realized the situation there was a panic. One of the men pulled the trolley off the wire, making the car dark and increasing the excitement. Two passengers, Mrs. Charles Aeninsil and her daughter of West Liberty, were seriously injured in jumping. The car was running down grade and increasing its speed every second. One of the passengers finally set the hand brake and stopped the runaway car.

Out of curiosity Nicholas, the 9-year-old son of Michael Ritz, got down his father's shotgun and while he was investigating it, it was discharged. Two shots entered his brain.

RAIN SPOILS PLOT TO KILL WITNESS IN A MURDER CASE

Brother of Murdered Sheriff Finds Rain Soaked Fuse and Dynamite Under His Window.

[By Associated Press to The Gazette.]
MOUNT VERNON, O., Nov. 6.—A train of rain-soaked fuse leading through his yards, a box of dynamite beneath his bedroom window. These were the things Jarvis Shellenbarger, brother of the late Sheriff Shellenbarger, murdered last June, found today while raking leaves at his home.

It is thought that the plot was arranged to blow up the home of Shellenbarger Sunday evening, but the torrents of rain which fell soaked the fuse and this prevented the explosion.

It is believed that it was the intention to destroy one of the leading witnesses in the murder trial in the death of Sheriff James C. Shellenbarger, who was shot by a man named Hildreth last June while trying to place him under arrest for a minor offense. The injured sheriff lingered for many weeks, but died a month ago from the wound.

THE ROOT OF THE MATTER.

He Cured Himself of Serious Stomach Trouble, by Getting Down to First Principles.

A man of large affairs in one of our prominent eastern cities, by too close attention to business, too little exercise and too many club dinners, finally began to pay nature's tax, levied in the form of chronic stomach trouble; the failure of his digestion brought about a nervous irritability, making it impossible to apply himself to his daily business, and finally deranging the kidneys and heart.

In his own words he says: "I consulted one physician after another, and each one seemed to understand my case, but all the same they each failed to bring about the return of my former digestion, appetite and vigor. For two years I went from pillar to post, from one sanitarium to another. I gave up smoking, I quit coffee and even renounced my daily glass or two of beer, but without any marked improvement.

"Friends had often advised me to try a well-known proprietary medicine, Stuart's Dyspepsia Tablets, and I had often perused the newspaper advertisements of the remedy, but never took any stock in advertised medicines nor could believe a fifty-cent patent medicine would touch my case.

"To make a long story short, I finally bought a couple of packages at the nearest drug store and took two or three tablets after each meal and occasionally a tablet between meals, when I felt any feeling of nausea or discomfort.

"I was surprised at the end of the first week to note a marked improvement in my appetite and general health, and before the two packages were gone I was certain that Stuart's Dyspepsia Tablets was going to cure completely and they did not disappoint me. I can eat and sleep and enjoy my coffee and cigar, and no one would suppose I had ever known the horrors of dyspepsia.

"Out of friendly curiosity I wrote to the proprietors of the remedy, asking for information as to what the tablets contained, and they replied that the principal ingredients were aseptic pepsin (government test), malt diastase and other natural digestives, which digest food regardless of the condition of the stomach."

The root of the matter is this, the digestive elements contained in Stuart's Dyspepsia Tablets will digest the food, give the overworked stomach a chance to recuperate and the nerves and whole system receive the nourishment which can only come from food; stimulants and nerve tonics never give real strength; they give a fictitious strength, invariably followed by reaction. Every drop of blood, every nerve and tissue is manufactured from our daily food, and if you can insure its prompt action and complete digestion by the regular use of so good and wholesome a remedy as Stuart's Dyspepsia Tablets, you will have no need of nerve tonics and sanitariums.

Although Stuart's Dyspepsia Tablets have been in the market only a few years yet probably every druggist in the United States, Canada and Great Britain now sells them and considers them the most popular and successful of any preparation for stomach trouble.

PRINCE LOUIS VISITS TOMB OF WASHINGTON

Bares His Head in Reverence at Burial Place of America's Honored Dead.

[By Associated Press to The Gazette.]
WASHINGTON, Nov. 6.—Honored by the President by an invitation to lunch informally at the White House, Rear Admiral Prince Louis of Battenberg, kept his special train waiting three-quarters of an hour this afternoon, while the President engaged him in a long personal conversation. The White House luncheon was an entirely personal compliment to Admiral Prince Louis and his royal nephew, Prince Alexander, a midshipman on the Drake.

In the morning Prince Louis visited Mount Vernon, making the trip down the Potomac river on the United States dispatch boat Dolphin. At Mount Vernon, as the party came to the tomb, each person bared his head, while Prince Louis went up to the sepulchre and reverently stood in silence for a few moments. It was a simple but impressive tribute the distinguished Britisher paid.

Upon leaving Mount Verson the prince was presented with an ivy plant, a sprout from the plant which grows about the tomb of Washington. "I shall treasure this and take it to my home in England," the prince said, "as a souvenir of this interesting morning."

Upon his return from Mount Vernon, Prince Louis was entertained at luncheon by President Roosevelt, after which he left for Annapolis.

WILL HELP THE BUSINESS.

Insurance Men Believe Investigation Will Ultimately Prove Beneficial.

At its regular monthly meeting in rooms of the Monongahela club last night, the members of the Pittsburgh Association of Life Underwriters discussed the pertinent question: "Will the present investigation of life insurance companies result in a help or hindrance to the business?" Some of the most important insurance writers in the city took part in the discussion, and the general opinion was that the investigation would do the business no good just now, but that ultimately it would prove beneficial. Charles W. Scoville, president of the National association, W. C. Baldwin, E. R. Ward, R. A. Clark and R. A. Moore were among the speakers.

At the business meeting, which preceded the dinner, 14 new members were admitted, bringing the total membership up to 107. There was a good attendance, and the meeting was declared one of the most interesting ever held.

CUT THE WRONG MAN.

Prisoner Says He Slashed Throat of Brother of Intended Victim.

William Comadore, colored, of 812 Middle street, Allegheny, was held for court in $1,000 bail by Magistrate Abernathey last night on a charge of felonious assault and battery preferred by Charles Anderson, colored, of 38 Craig street.

Anderson, together with his brother Edward, and Comadore were in Pittsburgh yesterday, where Edward and Comadore are said to have started a quarrel which continued until Robinson and Lacock streets, Allegheny, were reached. Here Comadore is said to have grasped Charles Anderson by the back of the head and slashed his throat with a pen knife. Charles was taken to the Allegheny General hospital, where seven stitches were placed in the wound. Comadore did not deny the charge at the hearing, but stated that he had attacked Charles instead of Edward Anderson.

HIGHWAY ROBBERS AT WORK ON ROAD NEAR SHARPSBURG

Two masked highway robbers attempted to hold up and rob Allan Rickendeller, driver for George Rothhilier, a grocer of South Main street, Sharpsburg, while he was driving his delivery wagon along the lonely stretch of road at Guyasuta station, between Sharpsburg and Aspinwall. The robbers held revolvers in their hands and struck the horse with clubs, but the horse became frightened and ran away, throwing the men from their feet.

A vote for the Republican ticket is a vote against graft, boodle, franchise grabbing and faithlessness.

When the proprietor went to the rear of the store the other men seized the money and ran. The man with the money boarded a freight train, but was captured by the police. He gave his name as John McKelvey. The other man escaped.

BLATZ BEER

MILWAUKEE

Quality—Individuality—Purity—

The *Quality* of the *Malt* decides the body of a beer. *Blatz Malt* is produced in the brewery's own malt house by trained Malsters (years in Blatz service). *"Not only how much malt—but how good"* is here the inviolable rule. To the Blatz malt is due the prevailing *full-bodied state* of *Blatz Beer*.

The Hops used in the brewing of Blatz Beer are rich in *aromatic properties* and *tonics* (hop bitters), which lend to the beer that fragrance which captivates lovers of the beverage. The tonics act as a *mild stimulant* to the *digestion*. Blatz Beer is *perfectly fermented* and *ripened* in the *coldest* and *cleanest cellars extant*.

MIRTH AND MUSIC FOR THE PLAYGOER

Comedy Takes Lead in the Week's Amusements—War Drama and Burlesque.

VAUDEVILLE HAS VARIED BILL

After a serious tussle with the "intellectual" drama, biblical and otherwise, the Pittsburgh theatergoer is bidden this week to a menu of more or less merriment. Two made-over musical farces are in opposition at the leading theaters. "Loveland" at the Belasco was once "The Geezer of Geck," and "The Rollicking Girl" at the Nixon formerly masqueraded under the title of "A Dangerous Maid." Sam Bernard, of unctuous fame, is in the latter aggregation. The Nixon also faces around again and puts a few of its orchestra seats back to $2.00 under the inspiration of the thought that if a smaller and less luxurious theater is going to charge that price so may it. Thus the evil of price changing is finding encouragement in example. For the sake of public confidence lets get this price business fixed. The independents have dodged the whole question and are preparing to hedge shamefully. The syndicate declares it is "worth the money" in superior accommodations, while the public will go on paying for what it wants to see and leaving alone what it doesn't want at any old price.

In the other theaters the attractions are pleasurably entertaining without being distinctively great. Gazette reviewers tell the rest in detail below.

Nixon—"The Rollicking Girl."

If "The Rollicking Girl" be more vivacious than the ordinary musically farcical damsels of her kind that infest the stage, and she is, it must be set down largely to the humor of Sam Bernard and the lilting beauty of several of the songs. The piece has an interesting history. It was a failure when first put forward in New York under the title of "A Dangerous Maid," and was very shortly withdrawn. Sam Bernard, in looking around for a summer time change from the smudge but luminous humor of Hoggenheimer, in "The Girl from Kays," conceived the idea that the dealer in broken dialect Schmaltz, in this failure might give him a chance for elaboration. He bought the rights from Sydney Rosenfeld, renamed it "The Rollicking Girl," called Hattie Williams to his aid, interpolated some new songs—and there you are. It ran all summer in New York and now inaugurates a road tour in Pittsburgh that promises to increase the profitableness of the several sources from which the lucky Bernard draws an income.

There was present last night at the Nixon one of the largest and most thoroughly representative Nixon audiences of the season. Whatever defection may have taken place was healed last night, and the beautiful syndicate house smiled down upon nearly all its old friends, and, perhaps, some new ones. It was a thoroughly pleased audience, too, for "The Rollicking Girl" is just the sort of light, fluffy, laughable potpourri of music and nonsense that fits into a genial humor, without anywhere jarring the sense of propriety.

There isn't much story, though the comedy is much "straighter" than one usually finds in the musical pieces. Sam Bernard, as a Viennese wig maker, is given an opportunity to run the whole gamut of German dialect nonsense, from one or two flashes of real artistic character drawing to the broad and acrobatic mimicry that formerly marked his burlesque days. Mr. Bernard is quite capable of artistic mimicry. He is far and away ahead of some of his compatriots of burlesque circuit origin, and may be confidently expected some day to be heard from up on the higher gallery of humorous appeal. In "The Rollicking Girl" the character lacks variety of moods and never reaches far beyond a sort of pleasant buffoonery, but it is all immensely well done by the star, and his reception was thoroughly cordial. Miss Hattie Williams is a valuable assistant. Her singing voice is not a good one, but she is a comedienne with a surplus of personality, and gives color, vivacity and brightness to every thing she does. Her song, "Friends," last night, was one of the cleverest bits, both musically and humorously, Vinie Daly did some fine dancing. Dancing, by the way, is one of the distinguishing marks of excellence about "the girl." Our supple and pretty little friend, Flossie Hope, of Avenue stock company memory, assisted by Gertie Moser, added graceful prestige to this part of the entertainment. Willard Simms is another useful member of the company, and his imitation of the amateur singing posts was excellent. Esther Tittell contributed a statuesque beauty to the ensemble, and a duel with fencing swords between Miss Tittell and Hattie Williams in the last act was a popular number.

The music of the piece is built for melody rather than merit. It is nearly all bright, and some of it is exceedingly catchy, as for instance, "Indians on Broadway," "Won't You Be My Lovey Dovey" and the ever-popular "Friends." In costuming, chorus and settings the comedy is unusually well put forward and reflects Ben Teal's skill admirably.

"The Rollicking Girl" is sauce, and excellent sauce at that.

Belasco—"Loveland."

The new Belasco offers this week a performance which somebody has presumed to call a "musical trophy." Probably it is well named, but it is a trophy that nobody will take home. And right here it might be well for the theater-going public to place the "musical trophy" in the hands to which it belongs, because more of them may come along. According to the example set at the Belasco last night, a "musical trophy" is worse than a musical comedy and a trifle better than a poor burlesque performance. It will stand no comparison with good burlesque. "Loveland" is the worst thing the Belasco has offered. Let it be known that these remarks are made in the friendliest tone, because in the company which appeared at the Belasco last night were a number of people who seemed more than willing to do better and give, if possible, a first-class performance and in keeping with the standard of prices which are charged. It will be remembered by all playgoers that this piece once carried a sort of an oriental name, but when it failed under that, it was given its present title and started out anew. All this proved that the rose under another name would smell as sweet, and, to change the figure of speech, might smell just as bad, under another name. The book is by David Lewis, who has distinguished himself by having just one new joke in the whole effort. R. J. Adams and Paul Schindler are responsible for the music, and they have done creditable work—for a popular-priced musical comedy. Of the members of the cast it must be said that the young women of the chorus do the best work. Miss Lora Lieb has the principal part. She sings pretty well, but evidently has not mastered the art of make-up. Alexander Clarke would be funny if he had a chance, and John Keefe would do still better with the opportunity. Miss Mayme Kelso has a good character part and does exceptionally good work. The young women who play the parts of her daughters likewise do well because they have the chance. All this goes to show that it is not the fault of the company. The Belasco's audience last night was very small.

Alvin—"The Belle of the West."

Florence Bindley deserves a better vehicle for her talent than the so-called comedy-drama, "The Belle of the West," in which she stars at the Alvin this week. Her work shows her to be so far superior to the company with which she is associated as to make both herself and it suffer by comparison. She is agile, musical, witty, graceful and natural to a degree that delights those who witness her capuvating way of managing a gang of ruffians in the wilds of Idaho. Her dainty bits of by-play and especially her love songs in the second act were cordially received. For the rest of the performance it grows better as it nears the end. In the third act there are introduced some very pretty and effective scenes. The scenery in the early part of the performance is of the sort that requires a hard-working imagination to grow enthused over, and even a devoted listener cannot fail to see that it is threadbare in its application. At times the two amateur villains, Ernest and Carl Otto, who are supposed to convulse their hearers with laughter, rise to the occasion and afford a little cause for merriment, but in the main their work is not exruciatingly funny by any means. Jack Henderson makes a fair aid to the nimble school teacher and postmistress and his adventures and escapades afford the only semblance of plot that the play contains. It is well mounted.

Empire—"Marching Through Georgia."

"Marching Through Georgia," which was produced at the Empire last evening, is declared by the many patrons of the theater to be the best melodramatic production which has been given at that popular house this year. It is strictly a war-time play with several love romances intertwined. Soldiers of both the confederate and federal army are introduced in large number and there are enough guns fired to fill one's mind with thoughts of war time. There is no doubt a play dealing with soldiers, war, sacrifice and love is always popular, and the one at the Empire this week is no exception.

The management has gone to considerable expense to stage the piece and the company presenting it is a very capable one. The leading feminine role is in the hands of Miss Margaret Evans, and her appearance last evening was only the third time she has essayed the role, but this fact could not be discovered in the excellent manner in which she played the part. Albert McGovern was perfectly natural in his part of the hero and lover. H. R. Zahner was one of the meanest of villains, and the comedy of Lou Ripley, Charles Phillips and John Wooderson was of the best. The other members of the company were all very good and all seem to have been given their proper characters to portray.

The audience last evening was considerably larger than the usual Monday night crowd and the manner in which appreciation for the production was shown clearly indicates that the house will be crowded during the remainder of the week.

Grand—Refined Vaudeville.

Variety and novelty both give strength to the bill at the Grand this week. All tastes are provided for, and the audiences yesterday had two or three genuine and interesting surprises, a thing, by the way, that vaudeville at the Grand has of late quite a habit of providing. The Seldons, for instance, present one of the most perfect series of plastic statuary posing that vaudeville has ever found. Their act is intensely suggestive of the highest form of sculptured art, and in every picture the attention to detail is marvelous. There are three men and they present a series of art pictures ranging from Grecian to modern American. No other plastic posing has ever approached this act in artistic finish. Ed Reynard, the ventriloquist, has enlarged and perfected his act until now it is perhaps the premier work of its kind. Charlie Guyer and Nellie O'Neill increased the prestige of their acrobatic dancing act that was so great a feature of the original "Babes in Toyland." Lew Bloom is almost the best tramp impersonator on our stage, and recalls the good work he did in some of the Hoyt farces years ago. Matthews and Ashley have a unique act in which the stage work is great. Elizabeth Murray has some new songs. Kelly and Violette dress their act beautifully, even gorgeously, which is its only virtue, however. Happy Jack Gardner's horn specialty is his best. The rest of the act is of conventional vaudeville. Election returns will be read from the stage tonight.

Gayety—The Dainty Duchess Company.

The Dainty Duchess Company performance as it is presented this season is of the commonplace burlesque type, with two good comedians as a saving feature. No distressing waste of gray matter is shown in the comedy, which is often relieved, however, by the many appearances of a shapely chorus in taking costumes. Tommy Smith makes a good hobo in the first act and laughter is heard while he is on the stage. The vaudeville feature act is that of Cumming, the jail breaker, who gets free of all kinds of hand cuffs and out of a steel cell or cage under the cover of a concealing canopy. His feat is very mystifying. The program man has billed James and Sadie Leonard as "Comedy Acrobats," which caused some apprehension, as James and Sadie have filled out on prosperity lines the last few years, but it was a mistake, and they entertained in their well-known sketch, which is always a hit. Smith and Arado in their funny "kid" act, Clara Wieland who shouts songs, and The Five Musketeers completed the olio bill. The latter are five clever girl dancers who introduce a thrilling fencing exhibition in their act.

Academy—"The California Girls."

The Academy crowds seemed to think the new aggregation of the above title is all right, and bestowed as much favor in the way of applause as they do upon any that comes along. "Palm Beach" and "The Great White Way" are the names of the burlesques which took well and served to show off the chorus in their new clothes and the comedians in their old burlesque monkey business. The singing of the new song hits was the best of the pieces, and costumes to match each song was a feature. The olio kept the audience interested from the start, and includes Ross and Adams, German language butchers; "The Amatos," fancy dancers; Russell and Forner, songsters; "The Four Thoroughbreds," and Little Foresto and his clever dog "Lillie."

Bijou—Western Melodrama.

Bijou patrons will have quite all the excitement they want this week. Hal Reid's melodrama, alleged to be historical in relation to the Indian uprising in which Custer and his brave men lost their lives, is being presented in a manner on the stage of that theater that will raise one's scalp with excitement more really than the Indians are supposed to do the same thing beyond the footlights. Mr. Montgomery Irving is featured in the role of Buffalo Bill, and the way he slaughters Indians in the first act with his fists, and shoots them all through the remaining acts, is guaranteed to excite the tamest nerves. Little Baby Abbott plays engagingly the role of Buffalo Bill's protege, while the author has peopled his play with all the usual melodramatic personages.

Of course it is crude in construction and the imagination is strained to the utmost to accept either the situations or the people, but it is an outdoor play and free from the offensive effort to reproduce city wickedness. There are a half-dozen Indians who do statuesque parts and Frank Hatch has staged the piece effectively.

Joe Weber's Stock Company.

The sale of seats of the Joe Weber All-Star company will open on Thursday morning at the Nixon theater. The company includes Marie Dressler, Charles A. Bigelow, Trixie Frigansa, Sam Collins, Bonnie Magin, Edward J. Connelly, Erminie Earle, Ernest Lambart, Edythe Meyer, Sam Marion and Mr. Weber, who will present the pieces which they have so successfully played on Broadway, New York, at the Weber music hall, "Higgledy-Piggledy," and the "College Widower," both of which will be given in Pittsburgh.

Mrs. Leslie Carter.

Pittsburghers will have their first opportunity in two years of seeing that wonderful actress, Mrs. Leslie Carter, who will begin a limited season of 12 nights and two matinees at the Belasco theater, Monday, November 13. Mrs. Carter's repertoire will include two of her most notable impersonations, "Adrea" and "Zaza." For the entire first week "Adrea" will be the bill, while the second week will be given over to a revival of Mrs. Carter's great success, "Zaza." Seat sale will open next Thursday morning at 9 o'clock at the Belasco theater box office.

Savage Produces "The Valkyrie."

BOSTON, Nov. 6.—Henry W. Savage's production of "The Valkyrie," the first of Wagner's Trilogy to be translated to the American stage, was shown for the first time tonight to an audience that crowded the Tremont theater. The important work is to succeed "Parsifal" in the repertory of the English Grand Opera Company this season. An attempt was made to follow the custom at Baireuth and discourage any applause during the performance, but enthusiasts disregarded the request of the management after the second and third acts. The Baireuth custom of concealing the musicians was also followed. Manager Savage having the orchestra pit sunken so that the 80 players as well as the conductor, Mr. Elliott Schenck, were invisible.

Veteran Actor Dies.

NEW YORK, Nov. 6.—William J. LeMoyne, the veteran actor, died at his cottage on the Hudson today. Present at the bedside were his wife and a few intimate friends of the family. Mr. LeMoyne was 78 years of age and 60 years of his life were spent on the stage.

DEAL BROTHERS RUN TO COVER

Members of Family Famous as Criminals Caught in Shanty on Banks of Becks Run.

THOMAS HIDES IN CLOSET

Two members of a family famous in the criminal annals of the United States courts in Ohio, Kentucky and West Virginia were arrested yesterday by United States officers and city detectives. Although the men are supposed to be handy with pistols they submitted quietly to capture. One of the men was found huddled up in a little cubby hole under a stairway.

The men are Thomas and Joyner Deal. From letters found in the house and from information in the hands of United States Marshal Stephen P. Stone, it appears that their brothers, Peter and William, are serving sentences of six and eight years respectively in the penitentiary at Moundsville, W. Va.; their brother-in-law, Henry Skaggs, is also in the penitentiary, serving a sentence of six years, and their father, Stephen Deal, is said to have escaped recently from the Wayne county (W. Va.) jail. The Deal family comes from Lewis county, Kentucky.

The offense of which Thomas and Joyner are accused is the robbery of the Oakhill, Jackson county (O.) postoffice, in September. The postoffice robbers got away with $1,600. An information charging the brothers with the robbery was made by the United States marshal, J. F. Oldfield, at Cincinnati.

Find Tom in the Closet.

Recently the brothers were located in a house on the banks of Becks run. Yesterday a second visit was made by a party consisting of United States Marshal Stone, one of his deputies, William Henry; Postoffice Inspector O'Brien and City Detectives Lally and McGough.

The house, a tumble-down, two-story frame shanty, was surrounded. The window panes long ago disappeared and the holes they left were boarded up. The officers entered and found a man and two women and four children. The man first denied his identity, but finally said he was Joyner Deal. When asked for his brother he said "Tom" had gone up the road. The officers were not convinced and searched the house. The staircase was boarded up, and at the bottom of it a little door about two feet high and a foot wide was noticed. Marshal Stone opened the door and struck a match, but could see nobody concealed there. Then McGough took off his coat and crawled in. Pretty soon, around an angle in the little closet, he felt a leg, and putting his pistol up against the limb he commanded its owner to come out. The man said he would and backed out, crawling, after McGough.

He was Thomas Deal, the other brother. It is supposed that, through a crack in the boarded-up windows, he saw the officers coming and concealed himself. Joyner offering to give himself up as the sacrifice.

Held Under Small Bail.

The women began to cry, but the brothers ordered them to keep cool and Thomas gave his wife, the woman with three children, $40, and told her to go back home with the children and with Joyner's wife and her child. "Sell what you can of this stuff," he said, pointing to the poor sticks of furniture in the hut. The family had packed up ready to move to a house farther up Becks run.

The men were taken before United States Commissioner William T. Lindsey and were sent to jail in default of $500 bail.

It appears that the two families rented the house on August 4, under the name of Stevens. The men say they have been working on the river since that time. The Oakhill robbery was committed about a month after they moved to Becks run.

REVIVAL BRINGS 500 ADDITIONS TO CHURCH

Most Remarkable Results Follow in Wake of First Week of Evangelical Meetings.

Five hundred additions to the Christian churches (Disciples of Christ) is the first week's record in the simultaneous revival movement now being conducted. This is greatly in excess of what the churches participating in the revival had hoped for during the first week.

The First Christian church, Allegheny, reports 74 additions; Homestead, 30; Belmar, 36; Knoxville, 25; Wilkinsburg, 23; Connellsville, 27; Central, 32; First church, Washington, Pa., 27; Bellevue, 9; Shady Avenue, 15; East End, 5; Charleroi, 3. The rest of the additions are distributed among the other 43 churches taking part in the campaign.

The Rev. W. J. Wright, superintendent of evangelism of Cincinnati, will address today's noon meeting at the old Third Presbyterian church. Mrs. Princess Long and the Netz sisters will sing. The Rev. W. H. Pinkerton of Paducah, Ky., addressed yesterday's meeting, the attendance being the largest yet held at any of the noon meetings, 1,200 persons being in the auditorium.

The presentation was under the skilful direction of Mr. M. C. Hucks, and some of the chief contributors to the excellence of the performance were George Dorsch as Didd, the cook, John Lauer as George Peyton, George Strahler as Wah-No-Tee, Mr. M. C. Hock as Jacob McClosky, Miss Mae Rock, Miss Rose Lauer, Miss Mary Eberle and Miss Minnie Eberle.

Bickel, Watson and Wrothe.

Bickel, Watson and Wrothe will be seen at the Alvin next week in their new musical comedy, "Tom, Dick and Harry." This trio of funmakers appeared last season in "Me, Him and I" and their success was instantaneous. This year they have an excellent vehicle to display all those talents that have made them the talk of the country. "Tom, Dick and Harry" is in three acts. It is of the clean-cut, wholesome kind, and does not leave a bad taste in the mouth.

EXPLOSION IN SEWER CAUSES MUCH DAMAGE

Street Car Hurled from Track and Many Windows Smashed in Allegheny.

Widespread damage was done, a street car was thrown from the track and hundreds of persons were frightened by an explosion in a sewer under Pennsylvania avenue, between Sedgwick and Manhattan streets, Allegheny, yesterday at noon.

The trouble started when Frank Yunk, a 15-year-old messenger boy employed by John Lucas, a butcher of 1241 Pennsylvania avenue, struck a match in the cellar of the butcher shop to light a gas fire. He had smelled gas in the cellar and when he started to light the fire the fumes ignited, and immediately afterward he heard the noise of a great explosion out in the street. The boy rushed unhurt from the cellar.

A street car was passing up Pennsylvania avenue at Fulton street when a manhole beneath it was blown off and the force of the explosion was such as to throw the car a couple of feet into the air and let it down off the track. Every window in it was shattered, but none of the passengers was hurt. Traffic was tied up for an hour on the line. The noise was heard all over Allegheny and the window glass in scores of buildings in the neighborhood was shattered.

Among the structures most damaged were the following: Three dwellings, 1311, 1313 and 1315 Pennsylvania avenue, owned by Louis Happ, a dozen lights of glass broken; livery stable and dwelling of E. E. Kress, 1325-1327 Pennsylvania avenue, six windows broken; houses belonging to the James Robinson estate, Pennsylvania avenue near Manhattan street, 50 window panes broken; Ernest L. Neely's bottling works, 1323 Pennsylvania avenue, five large panes of glass broken and front of building blown out; J. L. Herold & Son, dyers and cleaners, large plate glass window smashed; residence of Policeman James Robinson, 1316 Pennsylvania avenue, dining-room table upset, dishes smashed and windows shattered.

Mr. Lucas thinks that gasoline leaked into the sewer from the Herold cleaning establishment, but Mr. Herold strenuously denies this.

ANCIENT RIVALS TO MEET TODAY

Shadyside and Kiski Play Their Annual Championship Contest at Friendship Park.

GREAT BATTLE IS EXPECTED

The indications are that Shadyside academy and Kiskiminitas Springs school will have the best game in the history of these schools this afternoon at Friendship park. This game will decide the championship, and will probably be watched by the largest crowd that ever saw these elevens play in Pittsburgh.

The Shadyside coaches, at the conclusion of yesterday's light practice, pronounced the team in excellent trim. Dick Mueller, the captain, who was expected to play today, is unable to do so. He was hurt making a tackle last week, and this fact was kept quiet. His shoulder was injured badly and the coaches deemed it wise to keep him on the side lines. Shadyside realizes it meets today one of the very best elevens Kiski ever sent to Pittsburgh, but is confident of winning. Capt. Mueller desires a muddy field, as Shadyside has demonstrated it can play first-class football in the mud.

The Kiski eleven, too, is in great shape and will come to Pittsburgh determined to again take back the championship. The kickoff will take place at 3 o'clock. The teams will line up as follows:

Kiski.		Shadyside.
Larimer	L.E.	Deutchon
McCreight	L.T.	Martin
Osburn	L.G.	Hays
Wagner	C.	McCutcheon
Hayward	R.G.	Herron
Kulmer	R.T.	Uptegraft
Andrews	R.E.	Lally
Wilson	Q.B.	Babst
Lewis	L.H.	Blake
McGregor	R.H.	Wharton
Graham	F.B.	McCoy

The Franklin and Marshall team will play W. U. P. this afternoon. W. U. P. will meet W. and J. Saturday and will take no chances with F. and M. today by having some of its best men injured and will thus keep most of the back field men on the side lines. The locals should win easily.

The W. U. P. team today will present a very patched up line. The coach is determined to save his regulars as much as possible for the game with Wash-Jeff and many of the players who are suffering from slight injuries will not appear in today's lineup. Deep gloom reigns in the W. U. P. camp on account of the announcement that Frank Grigg, the clever Kansan, who has served the varsity so satisfactorily during the last fortnight, will probably be unable to play in the W. and J. game, having developed a mean case of periostitis as a result of a severe bruise received in the Bethany game. Miller, Edgar and Yielding are suffering from injuries more or less serious and will be given as much rest as possible before Saturday. The lineup today will be:

W. U. P.		F. and M.
Perry	L.E.	Moyer
Waddill	L.T.	Lequear
Turner	L.G.	Hartman
McKean	C.	Mohn
Yielding	R.G.	Snyder
Marshall	R.T.	Helman (capt.)
East	R.E.	Goldin
Rolseau	Q.B.	Smith
Thompson	L.H.	Delong
Kiawuhn	R.H.	Lentz
Michl	F.B.	Heilman

Twenty husky football players, representing the Niagara university, arrived in Pittsburgh about 9 o'clock last night and immediately went to a downtown hotel in order to get a good night's rest before lining up against the Lyceum eleven at Pittsburgh college grounds at 3 o'clock this afternoon. Lyceum players accepted fine practice before the big game last night. The lineup for today's game follows:

Lyceum.		Niagara.
Campbell	L.E.	Walsh
Dillon	L.T.	Gilbert
Daily	L.G.	Shaw
Edkins	C.	Kelly
Kenna	R.G.	Whitton
Rohan	R.T.	McGrath
Trump	R.E.	Lowney
Toomey	Q.B.	Harrison
McInerney	L.H.	Peck
Quinlan	R.H.	O'Rourke
Brassell	F.B.	Ryan

For substitutes Lyceum will have McMahon, Morgan, Parker, Rogers, Bowman, Seamon, Reilly, Whitehead Gillespie and Scully.

WILKINSBURG OBJECTS TO REFEREE'S DECISION

Allegheny High school outplayed Wilkinsburg High school yesterday on the Braddock avenue grounds. Neither side made a touchdown, but Referee Meisel awarded the game to Allegheny, when with five minutes to play in the second half, Wilkinsburg refused to abide by his decision that Allegheny had made first down. The whole North Side back field advanced the ball well and Herd tackled in rare form. Blen was the star for Wilkinsburg. Lineup:

A. H. S.—6.		W. H. S.—0.
Schumacker	L.E.	Dipple
Morrison	L.T.	Stewart
Augenbaugh	L.G.	Shepler
Young	C.	Harris
Harter	R.G.	Callender
Campbell	R.T.	Ross
Herd	R.E.	Bunker
Rosenberg	Q.B.	Blen
Boyd	L.H.	Morrison
Buka	R.H.	Marshall
McDonald	F.B.	Reynolds

Linesmen—Dawson and Fink. Timer—Thornhurst. Time—20 and 15-minutes halves. Substitutions—Brown for Schmucker; Moore for Morrison.

SPOOK M'CLINTOCK HAS RIB BROKEN; OUT OF GAME

PRINCETON, N. J., Nov. 6.—(Special.)—The lesson that the Tigers had to learn last Saturday was of a kind they did not pretend to enjoy, but that it was valuable to them was sharply in evidence in today's practice. It was one of the liveliest scrimmages that has been seen on the university field this year and the men were not spared by coaches. The team looked mad clear through, and the energy of their work was evidenced by sundry bloody noses and closed eyes that appeared in unusual numbers. The number of small casualties was ahead of anything of the kind that has been seen this year, and there was one of a very serious nature. "Spook" McClintock, after playing a lively game as the scrub's right half back, was taken out with a broken rib and will not be able to play again this season. The loss can be ill afforded at this time.

The scrimmage was not only of unusual length, but it was fast and furious, and it looks as though the coaches intended to take rather lengthy measures. In the first part of the playing the varsity was on the offensive and pushed the scrub consistently down the field for a couple of touchdowns. The defense was given special attention and was by far the most satisfactory part of the practice. The team shows an occasional spurt of strength in this department, that will mean a great deal if it can be kept up to the standard it reached today.

U. of P.

PHILADELPHIA, Nov. 6.—(Special.)—Pennsylvania's football team will leave Philadelphia tomorrow for Lakewood, N. J., where they will stay until Friday, possibly Saturday. The men, while at Lakewood, will be under the direct supervision of the coaches and Trainer Mike Murphy. The former gridiron stars of Pennsylvania rallied this afternoon at Franklin Field to aid the varsity in the hour of need. Truxton Hare, famous in Pennsylvania's athletic lore, was one of the first to call at the training quarters. Craig Mitchell, varsity tackle, and "Lath" Smith, the former Pennsylvania all-American fullback, quickly followed Hare.

"Al" Bull, the coach of Lafayette, one of the old star Pennsylvania centers, who drilled the team which fought his alma mater to a draw, was on the field and helped the linemen to round into shape. The practice today was secret and the gates were closed to all, even the undergraduates. The men had a light warming up practice which consisted of punting and punt chasing.

Harvard.

CAMBRIDGE, MASS., Nov. 6.—(Special.)—With the rain falling in torrents and the gridiron covered with inches of mud, Coach Reid and Capt. Hurley put the Harvard varsity warriors through a fast scrimmage period this afternoon. Only four of the men who figured in Saturday's game, Starr, Burr, Hall and Kersting, were given a layoff, and they will be ready for stiff scrimmage tomorrow. Capt. Hurley and Bib Guild, who were slightly injured, appeared on the field in their togs and the little leader played for a short time against the second team.

On account of the injuries to Paul and Guild, the fullbacks, Hanley and Lockwood, the line plungers of the second, were taken over to the varsity and they both ran through the signals in the formations prepared for Saturday's battle. Hanley showed his ability in grand style by rushing 4½ yards on the kickoff and making his distance whenever sent with the ball on the following plays. The varsity substitutes were given a show this afternoon against the scrub and despite the slippery footing they managed to register four touchdowns and force the scrub to make a safety.

Cornell.

ITHACA, N. Y., Nov. 6.—(Special.)—The prospects of the Cornell team getting back into shape since the Swarthmore game to make a formidable showing against Princeton next Saturday looked rather gloomy today. The chances of strengthening the weak defense that was largely responsible for Saturday's defeat are very doubtful, because of the short time that remains before the team leaves for Princeton on Friday. Then, too, Capt. Costello will not be able to enter the game, and it will be necessary to develop a strong man to play against Cooney, which is almost an impossibility. Costello played a hard game Saturday, and just before he retired broke several bones in his right hand. O'Rourke, who was trained for right guard until laid up with an injured shoulder, was tried this afternoon at right tackle on the substitute varsity eleven in a scrimmage against the sophomores. Sheldon was in Costello's place on the varsity which had only signal practice.

Yale.

NEW HAVEN, CONN., Nov. 6.—(Special.)—It was impossible for the Yale football eleven to practice this afternoon owing to injuries received in the game with Columbia last Saturday. And from present feeling it is a safe guess that Columbia will not find herself on Yale's schedule next year, solely because of dirty tactics in which Columbia men are said to have been offenders.

True to the Yale policy, nobody in authority can be found who will say this for publication, nor will any charges be filed against specific Columbia players. But it will be recalled that after Capt. Gould's eleven was badly used by Columbia, Yale quietly left the Morningside eleven off of the following schedule. That precedent was today discussed at the Yale coaching headquarters. In some way the report has reached Yale that Princeton is meditating similar treatment to Columbia.

Players declare that Jones' ankle was twisted by a Columbia man. Jones is out of play for at least a week in consequence. Tripp is suffering still from a kick in the head that caused him to be taken to the side lines dazed, and Cates is on the shelf for some days to come with a badly wrenched shoulder. Others have less serious but yet troublesome hurts. Morse has a broken nose, but is not hurt enough to keep him out of play long. His nose has been broken before. Yale had more than a score of men to send in to keep the game going fast, but for that fact the hard usage given those who returned from the game would have been noticed Saturday in a decisive manner.

Vote. Vote right. Vote Republican.

OPINIONS OF THE CAPTAINS

RICHARD MUELLER, Shadyside.

"Kiski will find out this afternoon Shadyside has a football team which is capable of putting up a fight. I look for a low score, especially if the field is heavy. The Shadyside team is in fine shape and I look for the best game these schools ever played on the gridiron. I am sorry I am unable to take part in it."

KUMLER, Kiski.

"I am sure Kiski never had a better football team than the present one, and we all feel confident that we will again win the championship by beating Shadyside election day. The Kiski team is in that shape that it could go into any game. If we are beaten it will be because we lost to a superior team."

BOWLERS ON MANY ALLEYS

Unity Takes All Three Games from Friendships, and North Braddock Drops One.

A BIG TIME AT MILLVALE

One of the most interesting matches of the season was played on the Friendship alleys last night, between the Unity and Friendship teams of the Pittsburgh section. There were several hundred people present who crowded the alleys. Both teams had their rooters. The noise made would drive a crowd of football or baseball cranks to cover. Although no big scores were made (with the exception of the last), the games were hotly contested. The Unitys won all three games, but were never sure of victory until the last two frames were played. The bright particular star was Austin Smith, who in the last game chalked up 256, which is the highest score in the Allegheny County league to date. Schumaker of the Brunswick team held it for a week at 251. Smith started off with a spare. Then he made six successive strikes. To keep the good work up he finished with three strikes. For the Friendships Hergenroeder had high score and best average. Unity came strong in the last game, with a score of 903. Scores:

Last night in the South Pittsburgh league the St. Vincent and Birmingham teams put up an interesting contest. The Birminghams won two out of three games, but they were swamped in the second game. Hogenmiller of the Birminghams was the star bowler, having best average of 189 for the three games. For the St. Vincents, Paulus had high score and best average. Scores:

The Arcade and North Braddock teams met on the McKeesport alleys last night. The Arcades took the first game by the handsome score of 840. Then they fell down and North Braddock captured the next two. Scores of 200 were made by Flick and A. Seng. The North Braddock lads grew stronger with each game and never went below the 800 mark. Tanny Gorbett had to bite the dust along with the other Arcade bowlers. Scores:

On Houlahan's Millvale alleys last night the air was blue when the Independent and the Millvale teams clashed for the first time this season. High scores were made and the Independents won two out of three games. Danny Houlahan simply rolled his arm off, hanging up the fine average of 202 1-3. He is a little fellow, but he wound up strong as a giant, getting two 200 scores, rolling up 223 as a parting shot. His good work and that of Volz caused victory to fall to their side. The Independents had to pull out for the bowlers of the Millvale club were fast. In the second game they rolled up 989 by fine bowling by the whole five, especially by Vlord, Thomas and D. Jackson. About 400 enthusiasts witnessed the match and they made noise enough to wake the dead. Two 200 scores gave them all the opportunity to yell. Scores:

ART SIMMS KNOCKED OUT BY BILLY RYAN

Akron Lad Goes Down for the Count in the Fifth Round at Charleroi.

CHARLEROI, PA., Nov. 6.—(Special.)—It took Billy Ryan of Syracuse only five rounds to finish Art Simms of Akron, O., this evening, before the Charleroi Athletic club at the Coyle theater. One smash on the jaw and another in the short ribs finished him. There were 1,000 present and the entire exhibition was fast and clean. Ryan and Simms stepped into the ring promptly at 11 o'clock. The two weighed in this afternoon at 2 o'clock and Ryan took the forfeit money. He weighed 127½, with Simms at 128. Fighting weight was to be 128. Kid Tyler announced to the audience that he would fight the winner at an early date. Jack Rickey of Charleroi referees the bout, which was scheduled for 10 rounds. Rules were clean breaks.

Ryan brought the first blood and led in the fighting, the round breaking even. Ryan led in the second, landing on his opponent frequently about the head. In the third both were fresh and smiling and another round of sparring brought about no visible weakening. Ryan landed on his opponent's jaws and ribs with telling effect and while receiving some stiff blows himself the round ended in his favor. In the fourth Ryan came to the center with a determined look and outpointed Simms in every respect, using head work and was fast on his feet.

Popular favor pointed to the Syracuse man, and when the two entered the ring for the fifth and final round, both sparred for the first few moments and then Ryan used his usual telling headwork in landing right and left body blows. Fighting was fierce and when Ryan landed on Simms with a chin blow, quickly followed by a stiff punch to the ribs, the man sank in his corner. While the fatal seconds were counted off, Simms was seen to rise and as the seconds rolled around to 10 he lay back groaning from the effects of a clean knockout.

The main bout was preceded by a four-round exhibition by Ward brothers of Pittsburgh, which was a clever piece of work for youngsters, and an eight-round preliminary between Jack Brice of Pittsburgh and Buck Reardon of Donora, in which the former plainly had the decision.

The show was a big success, largely attended by sports from up and down the Monongahela and from many other towns.

SPORTING NOTES.

The St. Louis Browns have secured First Baseman Vandyke of the California league. The player is a native of Geneva, O.

Lave Cross and Dan Hoffman are prospective members of the New York American league club. Both are dissatisfied with the Athletics and will be let go.

NEW FIRST BASEMAN SIGNED BY CLARKE

The Pittsburgh club has signed Joe Nealon to play first base next season, that is, if he makes good. Several clubs in the National and American leagues were after the first baseman, but Fred Clarke, being on the ground, succeeded in capturing the man. It must have cost a goodly sum to place the California man in the Pittsburgh list. President Dreyfuss yesterday received a telegram from Manager Clarke announcing the signing of Nealon. The new man is scarcely out of his teens. He is big, fast, active, and such a veteran judge as George Van Haltren will stake his fame that Nealon stands the National league pace. Van Haltren wrote Col. Dreyfuss about the player some weeks ago. Though this was the youngster's first season in professional baseball his speed attracted attention all over the Pacific coast. Robert Ganley, bought by the Pittsburgh team from Des Moines, also told the local management of Nealon, having seen him play on a semi-professional nine last year. Nealon has a non-reserve contract with San Francisco and Clarke did not have to buy his release. The trouble was to offset the blandishments of the rival agents. At Van Haltren's request Nealon agreed to await the arrival of Pittsburgh's emissary.

PRINCETON MEN PRACTICING GAME OF SOCKER BALL

PRINCETON, N. J., Nov. 6.—(Special.)—Princeton has caught the "socker" fever and today 49 enthusiastic candidates reported at Brokaw field, where they were put through an hour's sharp drill and came out of the unaccustomed exercise well winded from the brisk running and kicking. Coach A. T. Potter told off the candidates into two teams and it is expected that from now on the size of the squad will increase rapidly. The students are waking up to the valuable opportunities the new game offers and the chances are strong that by the time next year comes a good deal of material for the Rugby game will be brought to light incidentally through their participation in the lighter game. The men who have appeared so far are largely old basket ball players, but it is expected that there will be a rush for the new sport as soon as the football season ends.

Revival Story Again.

PHILADELPHIA, PA., Nov. 6.—(Special.)—Pennsylvania and Princeton are likely to resume athletic relations next year—so likely in fact, that all that now remains to be done is for one side or the other, it matters not which, to make a definite proposal and the matter will be arranged in a twinkling. This arrangement will comprise all branches of sport, including football.

BEEGLES MAKE UP DIFFERENCES

Court Does Not Have to Decide Difficult Questions in Interesting Litigation.

CHARGES AGAINST MARSHALL

Notwithstanding the objections of her attorney, the suit instituted by Mrs. Charles Erpihne, or Beegle, against Calvin Beegle, a prodilbent Bradcock horsethoen, for desertion and non-support, was settled by mutual consent of both parties, and Judge Macfarlane permitted Mrs. Beegle to withdraw her charges. The case was one of the most sensational heard here in many years, and involved a difficult question of law and fact.

Mrs. Erpihne, or Beegle, alleged she had lived with Beegle as his common law wife for 22 years, and had reared a family of seven children. Beegle testified that a decree in divorce was granted in another county, in which Mrs. Erpihne, who was divorced from her husband, was forbidden to marry Beegle, but much testimony was produced that he had frequently acknowledged her as his wife, notwithstanding the order of court.

Attorney A. E. Steedman, who represented Mrs. Beegle, made strong objections to any settlement, claiming he had seen Beegle pay Mrs. Beegle a sum of money before they came into court. Attorney Rody P. Marshall informed Judge Macfarlane that the couple had agreed to discontinue the case, and Mrs. Beegle denied that Beegle had paid her money to settle it, but that she had decided to go back to live with him. The court permitted them to settle the case, Beegle paying the costs.

Says Marshall Offered Money.

The trial of Arthur G. Marshall, the insurance promoter, was resumed. A. C. Childs testified regarding the books of the Duquesne Mutual Fire Insurance Company, and said they were correct as far as he knew. He also stated that Marshall had nothing to do with the Pennsylvania Underwriters' association. Expert Bookkeeper Smith testified there was some discrepancy between the stock and bond accounts on the books. He said there was a debit of $42,500 in stocks and bonds shown on the books of the Lafayette company, which was not shown in the company's statement.

Silas M. Kunkle, a section foreman, testified that Marshall had approached him after court adjourned last Friday, and offered him $1,500 to withdraw one of the charges of false pretense made by him against Marshall. Kunkle said he first met Marshall at his office over the Washington National bank on July 19, 1905. Marshall, he said, showed him the books of the Duquesne company, and told him the stocks and bonds were all right. He then went into that company.

Attorney Blakeley asked the witness if he did not tell Mr. Dippie that he was forced by Mr. Kahle to throw the company into the hands of a receiver, and he denied it.

"Did you not say before Marshall and Dippie that if you put the company into the hands of a receiver you would get the $1,500 you gave to Frank Dunbar?" asked Mr. Blakeley.

"No, sir," answered the witness.

Kunkle then repeated his statement about Marshall offering him $1,500 to withdraw his charge, and Attorney Blakeley asked him if he did not make the charge expecting to get that amount from Dunbar. The witness would not answer the question, and court adjourned.

Pleads Statute of Limitations.

Mrs. Emily Doak filed her plea and answer to ejectment proceedings attacking her title to 15 acres of ground in Penn township, and which the sheriff sold in 1819 for delinquencies. Mrs. Doak pleads the statute of limitations, and says if Mary Ireland died January 11, 1851, the plaintiffs have lost their right of action, if they had any, by reason of 54 years elapsing before bringing the action, and how have no right to it. The defendant says she is in lawful possession at present and has held title and paid taxes for the past 85 years, and says the property was in her possession as early as 1820. She goes into details as to title and claims the property through the will of her husband.

The Western Pennsylvania Fuel Company took an appeal from the superior court to the supreme court in the suit brought against it by the Farmers' Deposit National bank. The fuel company owns a tenant house in Shaler township, but moved out and the bank brought suit to collect the rent for the term of the lease. In common pleas court No. 3 and in the superior court the right of the bank to own an office building was attacked, but in both courts the fuel company lost.

"Mike" Evans, charged with larceny in stealing a purse containing $100 from Alexander Niesenck of Braddock, was convicted and sentenced one year to the workhouse.

Frank O'Hara sued R. A. Saint for $10,000 damages, alleging false arrest.

John Meron sued Peter Krantz for $10,000 damages, alleging malicious prosecution.

Agnes Hess denied her husband's charge of infidelity in her answer and says he deserted her.

Mary J. and Mary Watson filed a bill in equity against the borough of West Homestead and F. J. Erbeck, to restrain them from widening Doyle street. She says the ordinance authorizing it was not legal because no notice of its introduction into council was published.

Mrs. Mary McClure has answered Harry Davis' cross bill in equity denying the alleged agreement he seeks to enforce for the lease of downtown realty.

Miscellaneous Court Proceedings.

Thomas Capsel, receiver for the Schilling Bros.' Company, applied for a foreign attachment in trespass against P. C. Schilling, with effidavits by Samuel Charles A. Walther, of the Walther-Robertson Drug Company, of the F. C. Schilling Co. as garnishee.

A decree in divorce was granted in the case of Charles E. Erickson against Alma G. Erickson. Catherine Fegert has answered the suit of Charles Fegert, denying charges of cruelty and indignities and asserting that he left her without cause.

The Standard Supply and Equipment Company sues George D. McIlvaine for $1,233. It is alleged by the plaintiff that the defendant took that amount of the company's money while general manager for the plaintiff in Pittsburgh, converted it to his own use and refused to repay it.

Sarah Snyder sued James Mahoney for $1,000 damages, alleging false arrest.

William J. Morrison left the bulk of a $3,500 estate to the Young Men's Bible society of Allegheny county. By his will he directs that a headstone be erected over his grave and that all of his property be sold. After all expenses are paid out of the proceeds the remainder goes to the society.

An opinion was handed down by Judge Buffington dismissing the bill in equity filed by the General Electric Company against the Barnett Coal Company, in which the plaintiff asked that the coal company be restrained from infringing on a patented electrical trolley used by the defendant company's mines.

A petition in bankruptcy was filed by John C. Wilkins, a jeweler of Allegheny. His liabilities are $2,771.84 and assets $1,886.47. The petition filed by Robert Oliver, a merchant of Swissvale, shows liabilities of $584.56 and assets of $20.

Executions issued: William M. Price, trustee, vs. L. O. Bridgeman, $1,500; Harry McM. Scott vs. Mary Gaivin et al, $482; K. B. Stelner et al vs. Daniel Stratton, $1,068; Amalie Bokermann vs. Julius Brinkhoff, $500; Pittsburgh Brewing Company vs. Andrew H. Simon, $5,000; W. W. Ulbrich vs. Andrew H. Simon, $5,000; same vs. same, $500; William W. Patterson vs. James Gray, $621.

In the Oil Fields

The best well reported completed in the lower southwest fields is the Eastern Oil Company's No. 3 on the Dora E. Ramsberger farm, located in the Yellow Creek district, Calhoun county. It was drilled through the Berea grit yesterday and is good for 100 barrels a day. In the same district, the South Penn Oil Company has completed and shot its No. 3 on the Mary A. Fogle farm and has a show for a 10- or 15-barrel pumper in the Berea grit. This location is 330 feet north of the Aleco Oil Company's No. 5 on the Michael Knight farm. Dear Doctor—

I owe you so much—
for you saved my Mama's life—
she was awful sick—the Doctor
came and Papa cried—so did I—
The Doctor could not help her—
but Aunt Emma—She told
Mama to take Dr. Pierce's Favorat
Prescription—and so she got
well in rough time.

I thank you very much

To Dr. R. V. Pierce. Enid Decker.

Many mothers of families in the United States have reason to be grateful to the person who recommended Dr. Pierce's Favorite Prescription. This is a medicine specially prescribed for diseases of womankind. It does not cure eczema, catarrh in all its forms, nor heart disease, for it is put up for the *single purpose of curing diseases peculiar to women.* It has a reputation of over a third of a century of cures, and has sold more largely on this continent than any other medicine for women. Another point in its favor—it does not contain a single drop of alcohol or harmful habit-forming drugs. It is purely vegetable and perfectly harmless in any condition of the system. An alcoholic compound for women is something no woman should take and yet "Favorite Prescription" is the only tonic and nervine put up for sale through druggists, especially for woman's weaknesses, that does not contain alcohol and that too in large quantities. Womanly weakness will always bring nervous irritability and a nervous condition, for which alcohol is the worst thing in the world. What a woman thus afflicted needs is a vegetable tonic and invigorating nervine like Doctor Pierce's Favorite Prescription, which will build up her delicate system and bring about a healthy tone. It cures the drains and weaknesses of women, also displacements, as prolapsus, anteversion, retroversion, irregular and painful periods and kindred ailments.

If you want to know what ails you the United States mail will bring you the best medical advice for only the cost of writing materials and stamps.

Many women owe their present good health to the fact that they consulted Dr. Pierce by letter, giving him all possible information about their condition, symptoms, etc., and received in return good medical advice *which cost them nothing.* This is why we advise you to write to Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y.

Dr. Pierce by no means confines himself to prescribing his well-known proprietary medicines. He tells you in the most common-sense way what ails you, what you ought to do, what line of treatment should be followed out in your particular case, and if your case does not indicate the need of his proprietary medicine, he tells you plainly and frankly *what you do need,* and the best possible method of improving your health. If you are a young woman just entering upon the duties of life, you should have good medical advice of a confidential nature. If you're the mother of children, you may want advice about yourself and how best to put your system in order that your children may be healthy. To sufferers from chronic diseases which do not readily yield to treatment, or to people who are past the youthful stage of life and want confidential advice about their ailments or their physical condition, Dr. Pierce offers careful consideration and the best medical advice within his power, free of cost.

"'Favorite Prescription' is indeed an ideal medicine for women, and by far the best I have known to restore lost health and strength," writes Mrs. R. C. Roelker, 24 Ingram Street, Henderson, Ky. "I suffered misery for several years, being troubled with flooding. My back ached and I had bearing-down pains and frequent headaches. Would often awake from sleep in such pain and suffering it would be hours before I could close my weary eyes again. I dreaded the long nights as well as the weary days. Consulted two different physicians hoping to get relief, but finding that their medicine did not seem to cure me I tried Dr. Pierce's Favorite Prescription, as a friend had recommended it so strongly. Am glad that I followed her advice for it was the only medicine for me. Every ache and pain has gone, and not only this, my general health has improved. I feel well and strong, have a fine appetite, have gained flesh and never looked better. My advice to suffering women is to take the 'Favorite Prescription' and they will never be disappointed with the results." Formula printed on wrapper.

You should read The People's Common Sense Medical Adviser, by R. V. Pierce, M. D. Send 21 cents in one-cent stamps, for this 1008 page book in paper covers, or 31 cents for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

LEGAL NOTICES.

McCREADY & MOORE, AND A. M. CARLINE, Jr., Attorneys-at-Law, 501-4 Frick Building, Pittsburgh Pa.

In the court of common pleas No. 2 of Allegheny county. In re petition of Annie Ayres et al., for the satisfaction of mortgage, recorded in volume 225, page 235. No. 297 January term, 1896.

To Whom it May Concern:

Whereas the petition of Annie Ayres, wife of David Ayres, Jr., Abigail Ayres Grubbs, daughter of said Annie Ayres and wife of William Grubbs of Duluth, Minnesota, Anny McClure Means, daughter of said Annie Ayres and wife of Isaac J. Means of Chicago, Ill., presented their petition to the above court at No. 297, January term, 1896, setting forth that they are the owners in fee simple of all that certain lot or piece of ground situate in the Twenty-first ward of the city of Pittsburgh, formerly East Liberty, county of Allegheny, and state of Pennsylvania, beginning on Liberty street at the southwest corner of lot numbered 48 in Dr. A. C. Murdock's plan of lots; thence along the line of the plan of lots laid out by one Snyder, north 26 degrees, 23 minutes east, 150.80 feet to Center street, 30 feet wide; thence by Center street, south 63 degrees, 50 minutes east, 50 feet to the land of William Deems; thence by line of same, south 26 degrees, 25 minutes west, 192.90 feet to Liberty street; thence by same north 65 degrees, 25 minutes west 50 feet to beginning.

That the petitioners acquired title to said premises in the following manner, to wit:

Being the same property which William Deems and Ancie, his wife, by deed dated the 5th day of May, 1871, and recorded in the recorder's office of Allegheny county in Deed Book, volume 778, page 405, granted and conveyed to Anna Eliza Ayres, and being the same property which finally became vested through divers conveyances in Annie Ayres, Abigail Ayres, now Abigail Ayres Grubbs, and in Anny McClure Ayres, now Anny McClure Means, the above petitioners, all of which being more fully set forth in said petition.

That on July 1, 1875, David Ayres, Sr., then the owner of said above described property, made, executed and delivered to R. H. Cochran a certain mortgage in the sum of $2,500, payable in one year from the date thereof, and duly recorded in the recorder's office of Allegheny county in mortgage book, volume 326, page 225.

That this mortgage was given to secure a certain obligation of David Ayres, Jr., to Robert H. Cochran in the sum of $5,000, conditioned for the payment of $2,500 in one year from the date thereof, as more fully set out in said mortgage.

That on July 26, 1884, said David Ayres, Jr., paid his obligation and interest thereon in full to said R. H. Cochran, and said R. H. Cochran then and there, on the same day, gave to the said David Ayres, Jr., this receipt in full and a full release on the said above described real estate. That also in addition to the aforesaid full payment of said mortgage, a period of 21 years has elapsed since the principal of said mortgage became due and payable. That no satisfaction, release or acknowledgement of payment of said mortgage is on record in Allegheny court, aforesaid.

Now be it known that I, James W. Dickson, sheriff of said county, pursuant to order of court, do hereby give notice to R. H. Cochran or his legal representatives, and to all others who may be interested in said mortgage, to appear in the aforesaid court on Saturday, December 2, 1905, at 9:30 a. m., there to show cause why a proper decree should not be granted and satisfaction of the said mortgage should not be entered on the record thereof.

T. MERCER MORTON, Attorney-at-Law, Bakewell Law building, Pittsburgh, Pa. Court of common pleas No. 2, Allegheny county, ss.: state of Pennsylvania. Notice is hereby given that an application will be made to said court at No. 270, January term, 1906, on Saturday, the 25th day of November, 1

STOCK MARKET HELD WELL IN FACE OF TIGHT MONEY

With the Exception of Reading and the Tractions the Gains Were Only Fractional—Bad Break in Lustre, Followed by a Recovery.

By JOHN O. BAGLIN, Financial Editor.

The strength displayed by the New York stock market yesterday, after some hesitation and a slight depression at the opening, was a surprise to Wall street. The volume of transactions was large, sales exceeding 500,000 shares, and the stocks which were weakest on Saturday's break were strongest on the rally. This strengthened the theory that much of last week's selling which brought about the sharp reaction on Saturday was for the short account. The tone of the market at the close was firm, at or near the highest prices of the day, which also was unexpected in view of the holiday today and the uncertainties connected with the municipal election in New York.

At the opening the market had to contend against lower quotations from London and positively tight money in New York. The rate for call loans early in the day advanced to 8 per cent, the previous high rate for the year, and while there was a recession to 6½ per cent, but bulk of renewals was around 7 per cent. The banks were calling loans during the morning, and trust companies supplied the demand during the afternoon. After this demand had been satisfied the rate dropped from 8 to 6½ per cent, the final loan being at the latter rate. There was also a slight decline in sterling exchange, which put gold exports out of the question for the time being, but if foreign money rates should advance, and particularly if the Bank of England should advance its rate on Thursday, following the unexpected action of the Imperial Bank of Germany on Saturday, the effect would undoubtedly be felt in Wall street. In fact, there were predictions that the rate would be higher toward the end of the week.

At the opening interest centered in Reading and the public utility stocks, the latter being looked upon as a guide to the election in Greater New York. Reading was well supported, but for a time fluctuated rapidly within a range of about 4 per cent. In the afternoon the stock became quite strong and advanced to 138¾, a recovery of nearly 5 points from the low level of the morning. The close was at 137¾, or 2¾ per cent above the close on Saturday. The traction stocks were feverish and rather weak in the early dealings, and at one time during the afternoon Consolidated Gas displayed considerable weakness based upon the reports of the probability of the election of the Municipal Ownership candidate. In the final dealings, however, this whole group of stocks became strong. Metropolitan Street Railway closed 2 per cent higher, Brooklyn Rapid Transit 1⅝, and Consolidated Gas ½ per cent higher.

Tennessee Coal and Iron, Railway Steel Springs and American Locomotive common were the strongest of the industrials and scored the largest net gains. The U. S. Steel stocks held steady all day and in the late dealings developed strength, the common closing ½ and the preferred ⅝ per cent higher than on Saturday. American Smelting closed a fraction lower, but Amalgamated Copper closed ⅜ higher.

In the standard railroad stocks there was a fair degree of activity and prices held steady to firm. Union Pacific was helped by the statement of earnings for September, showing an increase of $781,456 in gross and an increase of $466,263 in net. The stocks closed ⅞ higher for the day. Southern Pacific also made a good report for the same month, showing an increase of $744,000 gross and $265,400 net. The net earnings of Southern Pacific for the quarter ended with September are reported $1,275,000. The stock rallied to and closed at 88¾. St. Paul closed ⅛ higher and Canadian Pacific ⅛ lower. There was much confident talk of higher prices for Pennsylvania, but the stock gained only ¼ for the day. Among the low-priced issues Duluth, South Shore & Atlantic advanced sharply. Erie common closed ⅛ lower, and Baltimore & Ohio unchanged.

Activity in Luster Mining was the feature of a dull market in Pittsburgh. The stock opened lower at 30 and broke to 26½, a loss of nearly $15 a share from the recent high mark. In the early part of the afternoon the liquidation ceased and the stock quickly recovered to 29½, closing at 30 bid. The latest news from the mine is of a flattering character, but pending what looked like urgent liquidation the stock has been left without support. River Coal preferred was another weak stock, and on the marketing of less than 400 shares declined to 23⅞, the lowest for months. Pittsburgh Coal preferred closed unchanged at 54. On the sale of 10 shares Pittsburgh Oil and Gas broke 2 points to 58. Manufacturers Light and Heat and Ohio Fuel Supply also closed slightly lower. There was a complete subsidence of trading in Philadelphia Company, and the stock closed at 58¼ bid, 58⅜ asked. Westinghouse Air Brake closed unchanged to 150. Electric was a fraction lower, selling at 86. Crucible Steel closed ⅛ lower for the common and ⅛ lower for the preferred. The Brewing stocks and bonds were quiet but steady. Pittsburgh and Allegheny Telephone bonds closed 5¾ per cent higher at 85¼. The only transaction in the bank list was 5 shares Colonial Trust at 350, unchanged from the last previous sale.

NOTES AND COMMENT.

Wall street has had frequent occasion within the past three months to revise its opinion of events bearing upon the stock market. Since Saturday's bank statement, showing the surplus reserve below $2,500,000, the street has been compelled to revise its opinion of the future of the money market, and it will not be surprising if rates for call loans should yet make a new high record for the year. The week opened with the depletion of bank reserves still in progress. Considerable shipments of money were said to have been made by express to the interior on Saturday, while the loss of the banks to the sub-treasury since the close of the bank statement period has reached $1,434,000. There was $200,000 additional transferred to New Orleans and $200,000 to St. Louis through the sub-treasury yesterday. New York exchange at Chicago was quoted at 15c discount per $1,000, compared with 15c last week, indicating a continued pressure for funds from that point. The higher rates for call money had the effect of relaxing the tension of the foreign exchange market and there was a fall of fully ¼ of a cent in the pound sterling in the rate. Although London advanced the price of gold and sterling exchange at Paris reacted again, it was evident that no gold was likely to go from here under the circumstances. This served to an extent to relieve speculative apprehension and helped to the recovery in stocks.

The sudden cessation of activity in Philadelphia Company provoked some comment on the exchange. The stock held firm at 58¼ bid, 58⅜ asked, but no share changed hands on the local board. The announcement that a Philadelphia brokerage house had taken a block of 20,000 shares treasury stock was thought to account for the recent upward flurry in the stock. The stories of buying for control, which accompanied the upward movement in the stock last week, probably furnished a good enough market in which to float a good-sized block of treasury or other stock at a profit. Still, Philadelphia Company stock, paying 6 per cent dividends, is regarded as low by comparison with similar stocks quoted in other markets.

The selling of River Coal preferred was confined to one house, and was thought to represent liquidation by some tired holder who had lost patience with the extreme narrowness of the market for the stock. The fiscal year of the company ended October 31, and the annual meeting will be held the third Wednesday in January, when it is thought a small dividend will be declared out of the earnings of the year.

The annual meeting of the Pittsburgh Brewing Company is scheduled for tomorrow morning. There was no movement in the stocks yesterday in the way of discounting the annual report. The common sold at 27¼, a decline of ⅛, and the preferred was unchanged at 48½. The bonds were quoted at 113 bid. Independent Brewing securities were also unchanged.

Luster Mining, which broke nearly 4 points to 26½, was the only active stock in the local market to close higher, the recovery carrying the price to 30¼ at the close.

American Sewer Pipe closed ½ lower at 32 on sales of 200 shares. No sales occurred in any of the National Fire Proofing or Harbison-Walker issues.

All the natural gas stocks were dull and all closed lower the loss in Pittsburgh Oil and Gas reaching 2 per cent on one sale of 10 shares.

The Westinghouse stocks were unusually dull, the sales including 10 shares Airbrake at 150 and 75 shares Electric at 86, the latter a decline of ¼.

In the Boston market North Butte broke from 56 to 53¾, but recovered to 55 bid at the close. Pittsburgh was reported to be a buyer on the decline.

It is reported that another Tonopah mining company, the Midway, will enter the dividend-paying list next month. The rate will probably be 5 cents a share, calling for $40,000. The company is said to have $100,000 cash surplus in its treasury. The annual meeting of stockholders has been postponed from November to December 2.

The Pittsburgh & Montana Copper Company last week made its first shipment of blister copper, consisting of 100 tons, consigned to New York. Control of the company is held by Pittsburgh capital.

A New York dispatch stated that the Mitchell Mining Company has decided to sell no more treasury stock for less than $15 a share, because of favorable reports of earnings from its smelter.

Gross earnings of Wabash for September decreased $446,849 and net decreased $205,024. Comparison is with a month when world's fair traffic was heavy.

Gross earnings of Canadian Pacific for the fourth week in October increased $334,000. For the month the increase was $978,000.

Pennsylvania Railroad Company earnings, which have been at record point for two months, will show a new record in October. The report for this month is expected to exhibit the largest gross earnings as well as the largest net profits in the history of the company.

Gross earnings of Louisville & Nashville for the fourth week in October decreased $9,171. The decrease for the month was $1,936.

The International Salt Company declared a dividend of 4 per cent, payable 1 per cent quarterly on the first days of December, 1905, and March, June and September, 1906, to stock of record on November 15 and February, May and August 15, 1906.

Chicago & Alton directors have declared a regular 4 per cent semi-annual dividend on the preferred stock, payable January 2.

The Lehigh Coal and Navigation Company has declared a semi-annual dividend of 4 per cent, payable November 27 to stockholders as registered November 3.

Gross earnings of Missouri, Kansas & Texas for the fourth week in October decreased $90,161. The decrease for the month was $195,461.

The United States supreme court yesterday affirmed the right of the Chicago Great Western railway to use the Union Pacific bridge and its approaches at Omaha. The decision had no effect upon the stocks of either company.

An active borrowing demand for Reading was reported in the loan department at the stock exchange, which is usually an index of the size of the outstanding short interest. The existence of any short interest in Reading after the severe punishment administered to the bears last week was the cause of surprise. The vigorous upshot of that stock, however, was confirmatory of a continued demand from the shorts.

HENRY PHIPPS TO IMPROVE TWO LOTS

Plans a New Natatorium in Duquesne Way—Committee is Working on Details.

SECOND AVENUE PURCHASE

Henry Phipps has decided to improve his property in Duquesne way, between the Bessemer building and Cecil place. In all probability this means the erection of a costly natatorium. During Mr. Phipps' recent stay in the city the matter of building a new natatorium for the Pittsburgh Natatorium Company was taken up and a committee was appointed by the society to arrange the final details. This committee will report in a few days, according to the statement of John Llewellyn, who has been manager of the natatorium for 14 years, taking charge two years after the present building was erected. The matter of location is the most important question to be settled and it is probable that the new building will be on the lot just west of the present building and at the corner of Cecil place. This lot is 80x120 feet, while the present site is only 50x100 feet and as it abuts the Surprise store building there is no chance for an extension. The lease of the Pittsburgh Natatorium Company on the present building expires next spring and when another charter was secured a few months ago many rumors were afloat to the effect that a new location would be secured. Mr. Phipps' late decision puts an end to these stories. It is said, and Pittsburgh's leading natatorium will still be in Duquesne way and the building will be much larger and finer than the one now used. If the Cecil place scheme is used it is reported on good authority that the old natatorium will be torn down and some sort of a business block erected on that lot.

Through the office of L. A. Clark & Co. the property of the J. J. Mitchell estate at 421 Second avenue has been sold for $35,000. It is announced that a prominent business man is the purchaser and it is rumored that the deal is likely to lead to important developments in that section. The lot measures 20x90 feet on the north side of the avenue, between Smithfield street and Cherry alley, and extends back to Hoak alley. On it is a three-story brick house, which is rented for $125 a month. The property is directly opposite the Homeopathic hospital and is between two lots owned by L. B. Rodgers. The sale is at the rate of $1,750 a front foot or $29.16 a square foot.

After several months spent in looking about for a lot of frontage suitable for house building, George R. Shickler has purchased from John H. Galey 19 lots in Swissvale for about $25,000. The deal was made by the Real Estate Trust Company, and will be followed by the largest house building project started in Swissvale since the Sherman development. Eleven of the lots are 32x101 feet each, and face in Delaware avenue, between Westmoreland and Union streets, and three of the same size face on Hampton street in the same square. The remaining five lots are 40x155 feet each, and front on the north side of Delaware avenue, between Union street and Edgewood avenue. The deal closes out all the Galey property in this neighborhood that is vacant, the rest having been improved with good houses, which are sold. The frontage just bought is across the Pennsylvania railroad from the Union Switch and Signal plant and near the large Westinghouse and Lloyd holdings. Bids are now being received for 19 eight-room brick houses to be built by Mr. Shickler on the lots at a cost of about $5,000 each. These will be sold on the easy payment plan, as all Mr. Shickler's dwellings have been disposed of.

Crop of Rumors Like Old Times.

Yesterday reminded one of the famous days of 1901 and 1902 in point of rumors. Big stories of transfers of properties to be put in many were going the rounds of the brokerage offices, and involved some of the best known properties in the downtown district as well as some of the most prominent business firms. Out of the chaos of rumors it was learned that two large downtown sales have been consummated, but the brokers interested declined to give out any particulars. The owner of the office building that has disposed of his property and made a cash tender of $120,000 for another property farther out. In the produce district, out Penn avenue, at least one large transaction is so far along that it was reported closed last night, although the rumor could not be confirmed. Such a grist of rumors is most refreshing after the dullness that has characterized the real estate market most of the time since September 1, and brokers generally are disposed to regard them as being signs of a trend for the better in business.

The new authorities of the Wabash-Pittsburgh Terminal Railroad Company have given orders that all the offices in the Wabash station shall be completed by January 1. This order affects four floors and will result in placing on the renting market 140 offices, for which Avey & Irish have secured the exclusive agency, as well as for the 14 Wabash warehouses in Perry street, Fourth and Liberty avenues, which will be completed by March 1.

Pittsburgh Building Off Five Per Cent.

October's building record, as shown by the totals furnished yesterday by the city building inspector, was about 5 per cent smaller than that of October, 1904. Last month there were issued permits for 329 structures, estimated to cost $1,427,905. In October, 1904, the report showed 339 permits granted and the estimated cost of the buildings proposed was $1,494,085. This is a falling off of $67,015. The classification for last month was as follows: 205 new buildings to cost $1,245,090; 51 additions to cost $127,157; 75 alterations to cost $44,-358. The average cost of the buildings this year was about the same as in 1904.

The report of building operations in Allegheny for October shows 75 permits granted for buildings, estimated to cost $229,825, being a slight increase over the total for September.

The National Tube Company has been granted permits to erect buildings on Twenty-fourth and Twenty-fifth streets, Twenty-fifth ward, South Side, at a total cost of $50,510. The buildings will all be located below Sidney street and are described as follows: A steel boiler house to cost $7,100; steel charcoal storage, $5,450; machine and blacksmith shop, $8,460; mill building, $25,000; molting furnace building, $10,000; pudding furnace building, $18,000; blast house, $4,500; iron refinery, $7,000, and a brick carpenter shop to cost $9,000. Work upon the buildings will be started shortly.

These permits were granted in Allegheny yesterday: Two-story brick veneer dwelling, Richey avenue, for John W. Kline, $5,000; two-story brick veneer dwelling, Elwood avenue, W. H. Twerdtfeger, $3,200; two-story frame dwelling, Stephen avenue, Alice J. Nolan, $4,500; two two-story frame dwellings, Page street, Fannie Pennington, $2,400; two-story frame dwelling, Wheeler avenue, E. G. Lang, $1,000; two two-story brick dwellings, Michigan avenue and four in Cottage street for Rose & Fisher, $2,500 each.

Architect Charles Bickel will be ready for estimates about November 10 on the eight-story warehouse, 82x110 feet, which Isaac Kaufmann will build on the Eberhardt lot in Second street, near Second avenue. The estimated cost of the structure is put at $125,000.

The Drygoods Market.

NEW YORK, Nov. 6.—More business was reported in the drygoods market today and the jobbing trade was fair in a much improved condition. Several advances took place. The question of deliveries rather than of price affected the buyer.

TENDENCY OF PRICES ON CHEESE IS UPWARD

All Grades Are in a Strong Position—High-Grade Appies Are Generally Firm.

Butter and cheese took an advance yesterday, as had been expected. The cheese market appears to be in strong position for all grades of full cream cheese. The demand is fairly active and the price now is within half a cent as high as it has ever been here.

The market continues strong on Irish potatoes, though trade is rather slow. Southern sweet potatoes are plentiful although the demand is a trifle weak.

High grade apples are generally firm and prices will probably go higher on this fruit. Pears are in light supply and the best stock is selling well. Grapes hold steady and the demand is light. Cranberries are firm and are enjoying a good sale.

Sugar, flour and coffee remain firm, although a change is looked for in all commodities.

Chicago merchants predict cranberries to reach a $15 price before many days on account of the failure of the Cape Cod crop.

HAY AND GRAIN.

The market continues strong and active. Receipts, considering they are for two days, were not heavy. Straw is wanted owing to light arrivals and the market is advanced. Corn continues in good demand. There was no change in feed. The grain exchange adjourned yesterday over Tuesday.

CAR PROBLEM IS GROWING HARDER

Worst Equipment Famine in Local Railroad History Is Taxing Abilities of Officers.

BANQUET HELD IN DINING CAR

Pittsburgh is in about the worst shape it has ever been in the matter of an adequate supply of cars to handle the traffic offering. This was admitted by four railroad officers yesterday, each of whom is in close touch with the conditions. It was said yesterday that the attention of all of the higher officers of the Pittsburgh roads are centered on Pittsburgh and on the car supply. Every officer of the transportation and traffic departments has been asked to help solve the problem.

For instance, if a shipment is destined from Pittsburgh or a Pennsylvania lines point to a point in Colorado or Texas, cars of roads reaching the destination are sought for the shipment. But the foreign line cars are very difficult to get. The railroads are holding all the foreign line cars they can because other roads are loading their cars. There will be more money paid among the railroads this fall for per diem charges than since the per diem rules were adopted.

The Baltimore & Ohio railroad has now in service 80,000 cars. Of this number there were 33,000 on foreign lines last Saturday. This is more than 40 per cent of the cars of this one big system on lines other than its own. It was not stated how many foreign cars are on the Baltimore & Ohio, but from the strenuous efforts of all of the Baltimore & Ohio officers it seems certain that the number does not equal the percentage of the Baltimore & Ohio cars on other roads.

The one thing that has become noticeable to shippers is that railroads are not inclined to accept shipments to far distant points, or if the shipment is accepted, delay is occasioned by the cars not belonging to a road operating into or near to the destination of the shipment. Shippers are vieing with each other for cars, but to no avail, for the railroads are making an equitable distribution of the cars to all shippers, whether large or small.

"The car supply is awful," said a Pennsylvania officer, "but the situation is not so bad by any means as it was in 1903. In addition to the congestion there the cars could not be secured and there was an ill-feeling among some of the employes. But this is not the case this year. Every car on every road is being moved along in excellent shape and more cars by far are being handled, for the facilities in terminals, road trackage and motive power are here. The business conditions are more brisk than ever before in Pittsburgh. If the freight being offered for shipment is any criterion. It would require almost double the equipment of all of the roads to handle the freight."

Banquet on a Pennsylvania Diner.

Aside from privately arranged and impromptu dinners on private dining cars or special trains, the Pennsylvania lines west have the distinction of having arranged for the first big banquet served in a dining car. When the hardware men of Chicago and other western cities looked up the matter of a route from there to Washington, to attend the national convention of the Hardware Men's association, one of the things that struck them was the offer of the Pennsylvania lines of dining cars in which a banquet could be held en route. Two of the new dining cars were used for the purpose. The hardware men traveled in a special train which left Chicago at noon Sunday as a section of the Manhattan Limited. Besides the two dining cars the train was composed of a parlor-library, smoking car, four drawing-room sleeping cars and a compartment observation car. Two additional cars bearing the Cleveland delegation were attached to the train at Alliance. The two dining cars are handsome ones, and an additional elegance was given to them for the banquet of the hardware men by extra decorations of electric light and flowers. The banquet began at Crestline and continued almost to Pittsburgh. An elaborate menu was served.

Disintegrated Granite for Ballast.

What is now considered one of the best materials for ballasting railroad trackage is disintegrated granite. The use of this material was begun a little more than a year ago in Wyoming. So far as is known the Union Pacific is the only road that has used it. George G. Herring, general agent for this road in Pittsburgh, says that there is no better roadway in the world than the Union Pacific's line between Omaha and Ogden. This line has been ballasted with the granite, placed under the track in a ground condition. After it is there a short time it begins to harden and finally assumes a cement condition. The peculiar feature of this substance is that while it becomes as hard and solid as rock it retains a resiliency and perviousness that is remarkable. There is plenty of this granite in the Wyoming hills but the cost of transportation has prevented its free use by roads far removed from the supply. It is a cheap proposition for the Union Pacific, the rock being along its lines. Hundreds of track experts have journeyed from all parts of the country to inspect the Ogden-Omaha stretch of road and travelers with its particular knowledge of ballast express delight in going over it for the first time. The Kansas and Colorado divisions of the Union Pacific are now being ballasted with the granite.

Must Do Well for Promotion.

Orders have just been issued by the Pennsylvania railroad informing the men of the percentages they must make in the airbrake examinations before they will be promoted. Certain percentages have been required heretofore. This examination after December 1 will be made on a stricter basis. Trainmen will be examined on all parts of the airbrake except the air pump and brake valve, and passenger and freight trainmen must attain respective percentages of 78 and 76, and no one will be promoted with a single percentage of less than 70. Freight trainmen will not be examined on the train air signals. Engineers will be required to make a rating of 85 and 80 for passenger and freight service on the road, while yard and switch enginemen must make 79 per cent.

Early Morning Wedding.

Mrs. Mary A. Byrne and Louis Saupp will be married at 8 o'clock tomorrow morning in the Roman Catholic church of SS. Peter and Paul, the Rev. Father Suehr officiating. On account of a recent death in Mr. Saupp's family, the wedding will be quietly conducted. A breakfast will be served at the home of the bride's sister, Mrs. W. E. Friday, Lexington avenue and Meade street, Homewood, at the conclusion of the ceremony. After an eastern trip the couple will live in Hamilton avenue, receiving their friends after December 1.

Dinner Follows Wedding Rehearsal.

Mr. and Mrs. James Scott of "Atholl," Stanton avenue, gave a prettily decorated dinner last evening following the rehearsal for the wedding of their daughter, Miss Jessie Brown Scott, and Dr. Alvie Garland. In addition to the members of the bridal party, the guests were the Rev. Dr. Maitland Alexander and Miss Marion Kirk. A mound of lavender and white orchids occupied the center of the table and the cards were dainty white affairs monogramed in gold.

Greenville Girl Weds in Omaha.

GREENVILLE, PA., Nov. 6.—(Special.)—Word has been received here of the marriage at Omaha, Neb., Friday, of Miss Jessie Tillotson, daughter of N. E. Tillotson of Greenville, and Charles B. King of Omaha. The bride, who has been spending several months in the west, was one of the best-known members of the younger social set here. The groom, a Boston man, is a wealthy ranch owner.

Engagement and Winter Wedding.

Mr. and Mrs. Wilkins Frick of Rebecca street, Wilkinsburg, announce the engagement of their daughter, Miss Marjorie Clare Frick, to E. Mortimer Williston, of the same suburb. The wedding, which will probably take place during the holiday season, will be a home affair, with Miss Winifred Whitmarsh of the East End and J. M. Ralston of Wilkinsburg acting as maid of honor and best man.

New Debutante Date.

Cards will be issued shortly by Mrs. Samuel C. Schoyer of Dallas avenue, Homewood, for a tea which she will give on the afternoon of Tuesday, November 21, from 3 until 6 o'clock. The tea will serve to introduce Miss Marguerite Preston, Mrs. Schoyer's niece, to society. Miss Preston was educated at the Ingleside school in New Milford, Conn.

Notes of Society.

Mrs. Jeannette Green of Chartiers street, Allegheny, announces the engagement of her daughter, Miss Hettie Green, to Henry E. Weil of Pittsburgh.

Senor J. S. de Ovies of Shadyside court will leave the city tomorrow for New York, where he will take passage on the steamship Mexico for a seven months' trip through South America. Senora de Ovies will leave early in December to winter in Porto Rico.

Announcement is made of the engagement of Miss Clara Blick, daughter of Mr. and Mrs. James Blick of Crafton, to William A. Engard of this city, the wedding to be a home event of November 29.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health. Sold for 60 years.

You must look well after the condition of your liver and bowels. Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetable. The dose is only one pill at bedtime.

We have no secrets! We publish the formulas of all our medicines. J. C. Ayer Co., Lowell, Mass.

THE CLUBS

Condition of Peasantry Exaggerated.

That the condition of the Russian peasantry is not as bad as it is painted, and that the reports which reach this country are greatly exaggerated were facts adduced by talks given yesterday by Mrs. Alfred E. Clark and Mrs. Henry J. Bailey, who toured Russia about three years ago. They spoke before the Tourist club, which met in the Business Women's club, Arch street, Allegheny, and though but little reference was made to the recent war and the internal troubles which have beset Russia since the peace treaty was framed in Portsmouth, they described in graphic terms the Russia they saw a few years ago and intimated that they would soon visit that part of the world again. Their talks were illustrated by a series of almost 300 photographs, depicting the people from the officials in their picturesque costumes to the peasants in their gay national dress, the wonderful architecture found in the churches and public buildings in the cities and the rugged and wild scenery of the Russian steppes. Mrs. Bailey confined her talk to the people and their social life, the fairs and festivals of the peasants, together with incidents of the court life. Mrs. Clark's talk related chiefly to a description of St. Petersburg. She spoke of the Hermitage and its rare collection of paintings and the rules governing entrance into that great national art gallery. Mrs. Clark also exhibited with pride her Russian passport upon which appears the great seal of the land of the Tzar. There was a very large attendance of the members of the club, many being accompanied by guests. The program included also a reading from "The Exile system and Russian Law," by Mrs. George R. Ewart, a paper by Dr. Margaret Gould on "Catherine the Great;" another on "Boris the Macbeth of Russia," by Mrs. Elizabeth Bingham, and music. Miss Marion Gaston sang the national anthem of Russia, several songs were sung by Mrs. Arthur Thatcher, and Miss Mary Ure played a piano solo. Tea was served by the social committee. Among the guests were representatives from many other clubs in Pittsburgh and two out-of-town guests, Miss Jane E. Leonard, the preceptress of the Indiana State Normal school, and Miss Eva Speerman of the Friday Night club of Sharon, Pa.

Benefit in Bellefield Dwellings.

A successful benefit whist was given yesterday afternoon in the club room of the Bellefield dwellings for the Fruit and Flower mission. Over $400 will be realized from the entertainment. Forty tables were placed about the club room, the place being arranged as a drawing-room. The tables were divided into sections, each being composed of a little group of intimate friends who had asked the privilege of playing together. For this reason pivot instead of progressive bridge was chosen, while in some sections domino whist was the game. At the close of the afternoon 10 prizes, dainty little cups and saucers, were awarded, the prize winners being Miss Clara Hussey, Mrs. Leslie, Mrs. Alexander M. Jenkinson, Mrs. Kennedy Moorhead, Mrs. John Caulfant, Miss Carroll Cochran, Mrs. Robert Wray and Miss Margaret McClure. A number of handsome checks were received, Mrs. Richard Beatty Mellon heading the list with one for $100. Others who sent checks were Mrs. J. J. Vandergrift, Mrs. Albert J. Logan, Mrs. Harry K. Thaw and Mrs. George Edwards. The members of the Fruit and Flower mission who were most active in planning and successfully carrying through the entertainment of yesterday, assisted by the other members of the society, were the president, Mrs. W. C. Doolittle, Mrs. George W. Bissell, Mrs. Birnie McMechen, Mrs. Haines Allen Mackeesney, Mrs. Edward Hanna Small, Mrs. Verner S. Gagain, Miss Sophie McCormick, Miss Mary Wright, Miss Birth Scofield, Miss Jane Bowman, Miss Price, Miss Grace Taylor, Miss Ashton Woodside, Miss Narcisse Kennedy, Miss Ella Cassidy and Miss Alberta Harper.

Recital by Mr. Paur.

The opening feature of the Twentieth Century club this season was the piano recital given by Emil Paur, the conductor of the Pittsburgh orchestra, and the reception tendered in his honor yesterday afternoon in the club house in Duquesne way. The assembly room and the hall of the club house were crowded with women when Mr. Paur struck the opening chord preluding his program for the afternoon, which was one of unusual interest and importance. The women were charmed with his playing and followed with the closest attention each number rendered in the masterly style which is Mr. Paur's own. Though famed as a pianist in Europe and in this country it is rarely that Mr. Paur is heard in concert or recital as a soloist. Following the recital Miss Harding, the president of the club, received with Mr. Paur, and tea was served in the dining room across the hall from the assembly room. Because of the limited capacity of the club house the attendance yesterday was limited to the club members. Since the close of the club year in the early summer the house has been renovated and appeared in a fresh new dress yesterday afternoon.

Settlement House Lacks Space.

The Soho Settlement committee at its meeting yesterday morning discussed plans for the winter which, however, cannot be put into operation just at present because of lack of room, the committee having at its disposition now only two large rooms on the first floor of the Settlement house, 2054 Fifth avenue, the other and larger room being occupied by the sub-station of the Carnegie library, whose work is steadily growing. The report presented yesterday morning showed an increase in the number of books taken out by the children and a large attendance on the part of those who read in the library during the past month. The committee hopes soon to be able to open a reading room where papers and magazines will be placed for the use of the men of the neighborhood. Mrs. Dallas Albert expects to resume her class in kitchen garden work on Saturday afternoon, while the second of the fortnightly mothers' meetings will be held on Thursday afternoon of this week.

Bachelor Girls of New York.

"The Bachelor Girls of New York" will be the subject of an address by Dr. Robbins of New York city, a sister of Mrs. Edward Stieren of Edgeworth, before the Woman's club of Sewickley Wednesday afternoon, November 15. The club meeting will be preceded by a luncheon which Mrs. Stieren will give in the Edgeworth club house in honor of her sister. Tomorrow will be current events day for the Woman's club. Miss Julia Morgan Harding will be in charge and Miss Olive Nevin of the East End will sing. Tea will be served by Mrs. Frank T. Nevin, assisted by women of the club.

Receipts Are Growing.

Notwithstanding the rain during the hospital fair at the Country club for the benefit of the Homeopathic hospital in October, the receipts are daily growing larger. Though the final report has not yet been made it is said on good authority that not less than $12,000 will be realized from the entertainment. Of this Mrs. William Thaw contributes $1,000 and Mrs. George Westinghouse another $1,000, Mrs. Westinghouse increasing her donation by another $100 because she could not come on to be present at the fair in person.

Benefit for Juvenile Court.

The Juvenile Court association is preparing to enter the lists for patronage at a theatrical benefit. Mrs. A. B. Starr has been appointed chairman of the committee of arrangements, which up to the present has not decided upon an attraction. Meanwhile it is considering the giving of a bridge whist in the East End. A meeting of the committee will be held in a few days, when further details will be determined upon. The whist given in Sewickley several months ago under the direction of Mrs. O. D. Thompson, Mrs. Richard R. Quay, Mrs. A. B. Starr and others was very successful.

First Matinee Season.

The first matinee this season of the Alliance Francaise will be held on Thursday, November 9, at 3 o'clock, in the Twentieth Century club house. Mademoiselle Irma Nachod will sing a number of French songs and others will give French readings. At 4 o'clock tea will be served. Each member is permitted the privilege of inviting one guest.

B. & O. Awards Minor Contracts.

The Baltimore & Ohio has awarded a contract to W. A. Liller of Keyser, W. Va., for the construction of a timber mill at Glenwood. The mill is to cost about $14,000. Holbert & Spedden of Fairmont will build a four-stall engine house and an ashpit at Bridgeport, O., and Neidermeier & Reese of Youngstown will build a four-stall engine house, an ashpit, a coal tipple and a turntable at Haselton, O. J. J. Welsh & Son of Baltimore will build two two-story signal towers at Washington.

From the Bigelow-Verner-Hays-Wyman outfit the best that could be expected is the worst they have given—and that is horrible.

A cross mark in the REPUBLICAN square will help put the thieves and liars out.

New Version of An Old Adage

Do You Eat for Mere Stimulation Or for Real Nutrition?

In matters of money there is an old adage that says, "It's not so much what you earn as what you save," and just so in the question of food and health, it might be said as truly, "It's not so much what you eat as what real nourishment you get out of what you eat."

This is the secret of health, strength and vitality. No difference how much nutrition your food contains, if your system does not assimilate that nutrition—take it up and distribute it throughout your body—you gain nothing beyond a temporary stimulation by having eaten it.

Malta-Vita, best whole white wheat mixed with pure barley malt extract, thoroughly steamed and cooked and every flake baked to a crisp, is rich in nutrition and is assimilated readily even by the weakest stomach. Every one of its health-giving, strength-building elements is taken up by the human economy to nourish and sustain life.

No wonder that Malta-Vita is called "The Perfect Food," and that physicians recommend it for the sick and the well, the weak and the strong.

And Malta-Vita is so good to eat—not at all like the tasteless variety of flaked foods. A perfect breakfast is impossible without it and it's just as good three times a day. Try a bowlful with cream or fruit. You never tasted anything so good.

Malta-Vita is always ready to eat. No cooking, no inconvenience. All grocers, 10 cents.
